12. Discuss and Possibly Act Upon A Three (3) Year Extension to the Contract for Uniform Rental Services for Various City Departments and Authorize the Mayor to Execute Any Necessary Documentation

Purchasing Supervisor Sara Parker presented this item. Parker advised that for the past eight (8) years the City has contracted with G&K Services to provide rental uniforms for City personnel. Parker noted G&K launders and maintains the uniforms for which the City pays a weekly rental fee. Parker stated the multi-year contract was established with automatic renewal at expiration unless either party declines.

Parker advised that prior to the expiration of the current contract, G&K offered renewal with substantial reduction of rental fees. Parker stated projections at the new rate show that savings of approximately 40% or $9,200 per year can be anticipated.

Parker explained that the new contract was reviewed by Purchasing Services and the City Attorney and revisions were negotiated to allow termination for convenience without penalty, as well as limitations and controls for price escalation during the term of the contract.

Phelps advised that it is staff’s intention to submit an application for $100,000 to help fund construction costs of the new animal shelter (Brenham Pet Adoption and Animal Care Facility). Phelps noted there is a 10% match for the grant but that the City more than meets the match requirement with its current contributions for the construction of the project. A revised version of the Resolution was placed around the dais.

A motion was made by Mayor Pro Tem Nix and seconded by Councilmember Ebel to approve Resolution No. R-15-019, as revised, authorizing the submission of a grant application to the Bluebonnet Community Grant Program for the construction of the Brenham Pet Adoption and Animal Care Facility and authorize the Mayor to execute any necessary documentation.

Director of Community Services Wende Ragonis presented this item. Ragonis explained that the Bluebonnet Electric Cooperative’s Board of Directors recently voted to create a community grants program for customers within its service area. 16. Discuss and Possibly Act Upon the Purchase of a UV Sanitation System, Using BuyBoard Contract No. 451-14, for the Leisure, Therapy and Competition Pools at the Blue Bell Aquatic Center and Authorize the Mayor to Execute Any Necessary Documentation

Director of Community Services Wende Ragonis presented this item. Ragonis explained that the Brenham Community Development Corporation (BCDC) Board of Directors at their June 5, 2015 meeting granted a FY15 funding request for the Blue Bell Aquatic Center (BBAC) to purchase an Ultraviolet (UV) Sanitation System. Ragonis advised this UV sanitation system will be used as the secondary sanitation process along with the primary sanitation process of chlorine to treat and kill waterborne pathogens. Ragonis stated the UV sanitation systems can eliminate chlorine-resistant microorganisms which may live in recreational water.

Ragonis advised that three quotes were obtained through the Texas Association of School Board’s purchasing co-op, Buy Board, contract number 451-14 and that the the City’s purchasing staff reviewed all the quotes to ensure compliance to the competitive bidding process.

Councilmember Goss questioned if the current way in which the City sanitizes the water is not sufficient. Blue Bell Aquatic Center employee, Tammy Jaster, stated that the UV sanitation system provides a secondary sanitation system. Jaster advised that the state is moving towards using a second way of sanitation, in addition to the use of chlorine, and that will become state law within two years. Ragonis stated Staff will not need to use as much chlorine with the extra system because the UV system will kill any bacteria that are chlorine resistant, therefore providing healthier water with less chlorine.

Councilmember Goss asked about the life expectancy of the UV sanitation system. Ragonis stated the life expectancy is five to ten years and the only thing that will require maintenance will be to replace the light bulbs.
A motion was made by Councilmember Herring and seconded by Councilmember Barnes-Tilley to approve the purchase of a UV Sanitation System, using BuyBoard Contract No. 451-14, for the Leisure, Therapy and Competition Pools at the Blue Bell Aquatic Center in the amount of $90,715.00 and authorize the Mayor to execute any necessary documentation.

Rau noted this is a small section of roadway but is currently an uncontrolled intersection. Rau noted there have been concerns of traffic not yielding to Ledbetter or Woodson Lanes and while there have not been any accidents at this location, Staff feels that placing stop signs at this location would be helpful. A revised version of the Ordinance with some minor wording changes, as recommended by the City Attorney, was placed around the dais for Council members.

A motion was made by Councilmember Barnes-Tilley and seconded by Councilmember Ebel to approve an Ordinance, as revised, on its first reading authorizing the placement of stop signs on Bruce Street at its intersection with Ledbetter Lane and Woodson Lane and authorize the Mayor to execute any necessary documentation.
