WORK SESSION

7. Presentation and Discussion Regarding Wayfinding Signage

Director of Community Services Wende Ragonis presented this item. Ragonis explained the design phase of the wayfinding signage program is nearing completion, and staff has asked the vendor, fd2s, to present to Council the progress of the project to date. Ragonis reminded Council that during the December 18, 2014 Council meeting, staff along with Main Street committee member, Melinda Faubion, discussed the importance of a well designed and implemented wayfinding program. Ragonis advised that since December, the Main Street wayfinding sub-committee has worked closely with fd2s to identify design concepts, color palettes, informational hierarchy for signage and placement for both vehicular and pedestrian signs. Ragonis noted the wayfinding sub-committee along with fd2s hosted a well-attended public feedback forum on February 10, 2015 to assess the community needs and to gather feedback for the program. Ragonis informed Council that based on the information gathered at the public forum, from the wayfinding sub-committee, and the Main Street Advisory Board, fd2s has designed a comprehensive wayfinding program for the City of Brenham.

Curtis Roberts and Steven Stamper of fd2s gave the Council a brief presentation. They highlighted the importance of the signs and gave examples of how the signs would look. Mayor Tate asked if the placement of the signs could be done in phases. Mr. Roberts stated that it could be.

8. Presentation and Discussion Regarding the Status of a Lease Agreement Between the City of Brenham and Faith Mission and Help Center, Inc.

Director of Public Works Dane Rau presented this item. Rau advised in 2007 the City of Brenham and Faith Mission entered into a lease agreement for the use of the old “Wood Working Mill” building located on Key and Second St. Rau explained that the agreement allowed Faith Mission the opportunity to store items in the building that would be used in emergencies, to supply the homeless, or for the indigent population in Brenham. Rau explained it also was intended to store items for refurbishing and the resale of goods to benefit Faith Mission. Rau stated that Faith Mission pays the City $1 per year for the use of the building.
Rau advised the Council that over the years the building has begun to be an eyesore for the community. Rau stated it is in desperate need of repair and has significant roof issues that no longer allow items in the building to remain clean. Rau stated that over the years no improvements have been made to the building that the City is aware of other than minor roof work that was conducted by city staff.

Rau explained the building currently is stacked full of possible resale items and indigent care items that cannot be stored at other Faith Mission sites. Rau noted even though these items are rotated out throughout the year, staff feels that this building creates a nuisance to the neighborhood and supplies a home to many rodents and pests. Rau also advised that with the broken windows and dilapidated siding it also allows a place for squatters to take refuge and encourages a bad place for unattended activity in our community. Rau noted the main doors are locked at all times, but due to the integrity of the building it is hard to keep rodents, pests, and unwanted visitors from the inside of the building.

Rau stated that staff is appreciative of the service that Faith Mission provides, but feels that the City may need to opt out of this lease agreement and provide Faith Mission with its 180 day notice to terminate the agreement. Rau advised staff has spoken with Faith Mission staff and this building does supply a great need for their continued service that they offer to our community. Rau noted that Faith Mission would like to have a discussion with council and staff before the lease is terminated.

Randy Wells with the Faith Mission thanked the City Council for use of the building and stated that Faith Mission is willing to do whatever needs to be done to repair the building in order to maintain its use.

Councilmember Herring stated that he would like for the Facilities Sub-Committee of Council to continue to meet with Faith Mission and update the lease as needed to cover costs of repairs.

Councilmember Goss inquired about Faith Mission’s new building on Market Street and questioned why they cannot use that building for storage. Mr. Wells explained that the facility on Market Street is currently leased to tenants and when they move it will need to be renovated in order to meet Faith Mission’s needs.

Mayor Tate asked that the Facilities Sub-Committee look into this situation and then to bring the item back to Council with a recommendation on what to do.
9. Public Hearing to Consider Amendment of the City of Brenham’s “Envision 2020” Comprehensive Plan Future Land Use Map to Change the Zoning District From a Single-Family District to a Commercial/Retail District for a Tract of Land Described as Section 1, Lot 1, Old Mill Creek Subdivision, Being a Corner Lot at the Intersection of Old Mill Creek Road and U. S. Highway 290 West in Brenham, Washington County, Texas

Development Services Manager Erik Smith presented this item. Smith advised this is a request for an amendment to the City’s “Envision 20/20” Comprehensive Plan. Smith stated the specific parcel is a tract of land located at the corner of Old Mill Creek Road and U. S. Highway 290 West. Smith explained the current zoning district designated by the Comprehensive Plan is Single Family; however, staff recommends that district be amended to designate the zoning for this parcel as Commercial/Retail.

10. Public Hearing to Consider Amendment of the City of Brenham’s “Envision 2020” Comprehensive Plan Future Land Use Map to Change the Zoning District From Single-Family District to a Commercial/Retail District for a Tract of Land Described as Section 2, Lots 1-4, Old Mill Creek Subdivision, Being 4 Lots Located at the Corner of Old Mill Creek Road and S. Saeger Street in Brenham, Washington County, Texas

Development Services Manager Erik Smith presented this item. Smith explained this is a request for an amendment to the City’s “Envision 20/20” Comprehensive Plan. Smith stated the specific parcel is a tract of land located at the corner of Old Mill Creek Road and S. Saeger St. Smith explained that the current zoning district designated by the Comprehensive Plan is Single Family; however, staff recommend that district be amended to designate the zoning for this parcel as Commercial/Retail. Smith clarified that the change to a commercial/retail district does include apartments and townhomes, but would not allow for manufactured homes.

11. Public Hearing to Consider an Amendment to the Official Zoning Map of the City of Brenham, to Change the Zoning District from a Residential Single Family (R-1) District to a Local Business/Residential Mixed Use (B-1) District on a Tract of Land Described as Section 1, Lot 1, Old Mill Creek Subdivision, Being a Corner Lot at the Intersection of Old Mill Creek Road and U. S. Highway 290 West in Brenham, Washington County, Texas

Development Services Manager Erik Smith presented this item. Smith advised this is a request by the City to rezone a tract of land located at the corner of Old Mill Creek Road and U. S. Highway 290 West from an R-1 District to a B-1 District for the purpose of potentially developing the site.
Smith explained that the corner of this property abuts Highway 290 and Old Mill Creek Road, which is a minor collector street. Smith stated from a transportation standpoint an intersection with these designations would allow for a parcel that would easily accommodate a commercial use.

A resident that lives at 304 South Dixie Street addressed the Council. He stated that his concerns are what type of businesses could potentially move to that location and he does not want to see South Dixie Street opened as a major thoroughfare. Smith advised that South Dixie Street is currently proposed to stay as a cul-de-sac. City Attorney Cary Bovey stated that any business-type restrictions that the Council would like to place on the property would have to be specified in the deed when the City sells the property.

12. Public Hearing to Consider an Amendment to the Official Zoning Map of the City of Brenham, to Change the Zoning District from a Residential Single Family (R-1) District to a Local Business/Residential Mixed Use (B-1) District on a Tract of Land Described as Section 2, Lots 1-4, Old Mill Creek Subdivision, Being 4 Lots Located at the Corner of Old Mill Creek Road and S. Saeger Street in Brenham, Washington County, Texas

Saeger St. from an R-1 District to a B-1 District for the purpose of potentially developing the site as commercial. Smith noted the corner of this property abuts Old Mill Creek which is designated as a minor collector and S. Saeger St. which is designated as a major collector. Smith explained from a transportation standpoint an intersection with these designations would allow for a parcel that would easily accommodate a commercial use.

AGENDA ITEM DESCRIPTION: Discuss and Possibly Act Upon a Waste Disposal Agreement between Clean Harbors Environmental Services, Inc. and the City of Brenham and Authorize the Mayor to Execute Any Necessary Documentation

SUMMARY STATEMENT: In November of 2015, the City of Brenham will no longer be utilizing the Sunset Farms Landfill in Austin, TX for its disposal needs. TCEQ has set a permanent closure date for this landfill. In preparation of moving landfills staff has been in contact with landfills within a close proximity to our Transfer Station.

Staff has visited with BVSWMA Inc. who owns the landfill in Carlos, TX and is co-owned by the City of Bryan and City of College Station. Although very close, the gate rate is the only rate allowed at this landfill which is $26.69/ton. Our current rate in Austin is $17.00/ton. This is a considerable increase per ton when over a year’s time we truck 21,000 tons to landfills from our Transfer Station. We have strived to negotiate a rate with BVSWMA Inc. but there has been no movement on their end. We still do truck some waste to this landfill on an as needed basis due to the close proximity compared to Austin.

Staff has located a landfill in Altair, TX that is operated by Clean Harbors Environmental Services Inc. This landfill is slightly farther than the landfill in Carlos but significantly closer to the Austin landfill. It is 120 miles round trip compared to 180 miles to Austin and 110 miles to Carlos. We have negotiated a rate with Clean Harbors of $16.86/ton. Staff has visited the site and met with representatives of the landfill. We feel comfortable with the rate and the routes to the facility. We feel that with this rate and the closer distance it will be a good savings for our Transfer Station.

We are asking council to approve the rate of $16.86/ton from Clean Harbors Environmental Services Inc. since the total expenditures throughout the year will be around $350,000. This will ultimately reduce our budgeted disposal costs and could lessen our fuel budget if the yearly weights stay about the same. Our annual budget for disposal costs is $365,000.
**STAFF ANALYSIS (For Ordinances or Regular Agenda Items):**

**A. PROS:** Closer than Austin landfill, lower rate than BVSWMA landfill.

**B. CONS:** Operating hours are 7-3 compared to 24 hrs. like Austin.

**ALTERNATIVES (In Suggested Order of Staff Preference):**

**ATTACHMENTS:** (1) Agreement

**FUNDING SOURCE (Where Applicable):**

**RECOMMENDED ACTION:** Approve a Waste Disposal Agreement between Clean Harbors Environmental Services Inc. and the City of Brenham for a disposal rate of $16.86/ton and authorize the Mayor to execute any necessary documentation

COUNTY OF TRAVIS §

AGREEMENT FOR THE TEMPORARY CLOSURE
OF STATE RIGHT OF WAY

THIS AGREEMENT is made by and between the State of Texas, acting by and through the Texas Department of Transportation, hereinafter called the “State,” and the City of Brenham, a municipal corporation, acting by and through its duly authorized officers, hereinafter called the “local government.”

W I T N E S S E T H

WHEREAS, the State owns and operates a system of highways for public use and benefit, including Alamo Streets, in Washington, County; and

WHEREAS, the local government has requested the temporary closure of Alamo Street (Business 290) for the purpose of the 2015 Downtown Summer Concert Series (Hot Nights, Cool Tunes), from 3:00 pm to Midnight on July 11, 18 and 25, 2015 as described in the attached “Exhibit A,” hereinafter identified as the “Event;” and

WHEREAS, the Event will be located within the local government’s incorporated area; and

WHEREAS, the State, in recognition of the public purpose of the Event, wishes to cooperate with the City so long as the safety and convenience of the traveling public is ensured and that the closure of the State’s right of way will be performed within the State’s requirements; and

WHEREAS, on the ______ day of June, 2015, the Brenham City Council passed Resolution/Ordinance No. __________________, attached hereto and identified as “Exhibit B,” establishing that the Event serves a public purpose and authorizing the local government to enter into this agreement with the State; and

WHEREAS, 43 TAC, Section 22.12 establishes the rules and procedures for the temporary closure of a segment of the State highway system; and

WHEREAS, this agreement has been developed in accordance with the rules and procedures of 43 TAC, Section 22.12;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, it is agreed as follows:
AGREEMENT

Article 1. CONTRACT PERIOD

This agreement becomes effective upon final execution by the State and shall terminate upon completion of the Event or unless terminated or modified as hereinafter provided.

Article 2. EVENT DESCRIPTION

The physical description of the limits of the Event, including county names and highway numbers, the number of lanes the highway has and the number of lanes to be used, the proposed schedule of start and stop times and dates at each location, a brief description of the proposed activities involved, approximate number of people attending the Event, the number and types of animals and equipment, planned physical modifications of any man-made or natural features in or adjacent to the right of way involved shall be attached hereto along with a location map and identified as “Exhibit C.”

Article 3. OPERATIONS OF THE EVENT

A. The local government shall assume all costs for the operations associated with the Event, to include but not limited to, plan development, materials, labor, public notification, providing protective barriers and barricades, protection of highway traffic and highway facilities, and all traffic control and temporary signing.

B. The local government shall submit to the State for review and approval the construction plans, if construction or modifications to the State’s right of way is required, the traffic control and signing plans, traffic enforcement plans, and all other plans deemed necessary by the State. The State may require that any traffic control plans of sufficient complexity be signed, sealed and dated by a registered professional engineer. The traffic control plan shall be in accordance with the latest edition of the Texas Manual on Uniform Traffic Control Devices. All temporary traffic control devices used on state highway right of way must be included in the State's Compliant Work Zone Traffic Control Devices List. The State reserves the right to inspect the implementation of the traffic control plan and if it is found to be inadequate, the local government will bring the traffic control into compliance with the originally submitted plan, upon written notice from the State noting the required changes, prior to the event. The State may request changes to the traffic control plan in order to ensure public safety due to changing or unforeseen circumstances regarding the closure.

C. The local government will ensure that the appropriate law enforcement agency has reviewed the traffic control for the closures and that the agency has deemed them to be adequate. If the law enforcement agency is unsure as to the adequacy of the traffic control, it will contact the State for consultation no less than 10 work days prior to the closure.
D. The local government will complete all revisions to the traffic control plan as requested by the State within the required timeframe or that the agreement will be terminated upon written notice from the State to the local government. The local government hereby agrees that any failure to cooperate with the State may constitute reckless endangerment of the public and that the Texas Department of Public Safety may be notified of the situation as soon as possible for the appropriate action, and failing to follow the traffic control plan or State instructions may result in a denial of future use of the right of way for three years.

E. The local government will not initiate closure prior to 24 hours before the scheduled Event and all barriers and barricades will be removed and the highway reopened to traffic within 24 hours after the completion of the Event.

F. The local government will provide adequate enforcement personnel to prevent vehicles from stopping and parking along the main lanes of highway right of way and otherwise prevent interference with the main lane traffic by both vehicles and pedestrians. The local government will prepare a traffic enforcement plan, to be approved by the State in writing at least 48 hours prior to the scheduled Event. Additionally, the local government shall provide to the State a letter of certification from the law enforcement agency that will be providing traffic control for the Event, certifying that they agree with the enforcement plan and will be able to meet its requirements.

G. The local government hereby assures the State that there will be appropriate passage allowance for emergency vehicle travel and adequate access for abutting property owners during construction and closure of the highway facility. These allowances and accesses will be included in the local government’s traffic control plan.

H. The local government will avoid or minimize damage, and will, at its own expense, restore or repair damage occurring outside the State’s right of way and restore or repair the State’s right of way, including, but not limited to, roadway and drainage structures, signs, overhead signs, pavement markings, traffic signals, power poles and pavement, etc. to a condition equal to that existing before the closure, and, to the extent practicable, restore the natural and cultural environment in accordance with federal and state law, including landscape and historical features.

Article 4. OWNERSHIP OF DOCUMENTS

Upon completion or termination of this agreement, all documents prepared by the local government will remain the property of the local government. All data prepared under this agreement shall be made available to the State without restriction or limitation on their further use.
Article 5. TERMINATION

A. This agreement may be terminated by any of the following conditions:
   (1) By mutual written agreement and consent of both parties.
   (2) By the State upon determination that use of the State’s right of way is not feasible or is not in the best interest of the State and the traveling public.
   (3) By either party, upon the failure of the other party to fulfill the obligations as set forth herein.
   (4) By satisfactory completion of all services and obligations as set forth herein.

B. The termination of this agreement shall extinguish all rights, duties, obligations, and liabilities of the State and local government under this agreement. If the potential termination of this agreement is due to the failure of the local government to fulfill its contractual obligations as set forth herein, the State will notify the local government that possible breach of contract has occurred. The local government must remedy the breach as outlined by the State within ten (10) days from receipt of the State’s notification. In the event the local government does not remedy the breach to the satisfaction of the State, the local government shall be liable to the State for the costs of remedying the breach and any additional costs occasioned by the State.

Article 6. DISPUTES

Should disputes arise as to the parties’ responsibilities or additional work under this agreement, the State’s decision shall be final and binding.

Article 7. RESPONSIBILITIES OF THE PARTIES

Article 8. INSURANCE

A. Prior to beginning any work upon the State’s right of way, the local government and/or its contractors shall furnish to the State a completed “Certificate of Insurance” (TxDOT Form 1560, latest edition) and shall maintain the insurance in full force and effect during the period that the local government and/or its contractors are encroaching upon the State right of way.

B. In the event the local government is a self-insured entity, the local government shall provide the State proof of its self-insurance. The local government agrees to pay any and all claims and damages that may occur during the period of this closing of the highway in accordance with the terms of this agreement.
Article 9. AMENDMENTS

Any changes in the time frame, character, agreement provisions or obligations of the parties hereto shall be enacted by written amendment executed by both the local government and the State.

Article 10. COMPLIANCE WITH LAWS

The local government shall comply with all applicable federal, state and local environmental laws, regulations, ordinances and any conditions or restrictions required by the State to protect the natural environment and cultural resources of the State’s right of way.

Article 11. LEGAL CONSTRUCTION

In case one or more of the provisions contained in this agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions hereof and this agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

**AGENDA ITEM DESCRIPTION:** Discuss and Possibly Act Upon an Interlocal Agreement Between the City of Brenham and Washington County to Share Costs Related to the Everbridge Mass Notification Software and Authorize the Mayor to Execute Any Necessary Documentation

**SUMMARY STATEMENT:** See attached memo from City Manager Terry Roberts.

**STAFF ANALYSIS (For Ordinances or Regular Agenda Items):**

**ATTACHMENTS:** (1) Memo from Terry Roberts; and (2) Interlocal Agreement to Share Costs Related to the Everbridge Mass Notification Software

**FUNDING SOURCE (Where Applicable):**

**RECOMMENDED ACTION:** Approve an Interlocal Agreement between the City of Brenham and Washington County to share costs related to the Everbridge Mass Notification Software and authorize the Mayor to execute any necessary documentation

**APPROVALS:** Milton Y. Tate, Jr.
The City of Brenham and Washington County previously utilized two separate mass notification software vendors. In the last few months, both entities have determined a different vendor, Everbridge, is the best company to provide this service.

Operating under a single contract for both entities saves some money. It is not a lot of dollars but since both entities desire to utilize the same service, the proposal is for the County to enter into the contract for the service and enter into an interlocal agreement with the City to reimburse the County for the City’s portion of the cost.

The wording of the interlocal agreement has been worked out between the City and County attorneys. It has also been reviewed by the ILA Task Force and is ready for approval by both governing bodies.

At the Task Force meeting we talked about having the County approve the document first and then scheduling it for consideration by the City Council. The County Attorney has asked that the City go first in the approval of the agreement.

Since the document has been approved by the ILA Task Force and the wording is agreeable to the two attorneys I didn’t see an issue with the County Attorney’s request for the City to go first.
INTERLOCAL AGREEMENT TO SHARE COSTS RELATED TO THE EVERBRIDGE MASS NOTIFICATION SOFTWARE (EVERBRIDGE)

THIS INTERLOCAL AGREEMENT (“Agreement”) is made and entered into pursuant to the Interlocal Cooperation Act (Chapter 791, Texas Government Code) by and between Washington County (acting by and through the Hon. John Brieden, County Judge) (“County”) and the City of Brenham, Texas (acting by and through the Hon. Milton Y. Tate, Jr., Mayor) (“City”) (hereinafter County and City are collectively referred to as the “Parties,” or the “Cooperating Parties”).

RECITALS

WHEREAS, the City and County desire to join and participate in the Everbridge Mass Notification Software System project as further described in Article I herein (“EVERBRIDGE”); and

WHEREAS, the City and County desire to improve the ability of public safety communications between the City, County, and the general public by allowing direct access to, and exchange of data through EVERBRIDGE; and

WHEREAS, the City and County desire to provide for a portion of the funding support for the acquisition, implementation, operation and maintenance of EVERBRIDGE; and

WHEREAS, Chapter 791, Texas Government Code, authorizes the City and County to enter into this Agreement to provide funding for the acquisition, implementation, operation and maintenance of EVERBRIDGE; and

WHEREAS, entering into this Agreement will benefit and allow the City and County to efficiently and effectively utilize their respective resources to support and participate in EVERBRIDGE; and

WHEREAS, the Brenham City Council desires that the City participate in the EVERBRIDGE project; and

WHEREAS, on January 20, 2015, in accordance with Section 791.014, Texas Government Code, the Washington County Commissioners Court approved the EVERBRIDGE project by separate written instrument; and
WHEREAS, the City and County shall be responsible for funding a portion of the costs incurred in each Party’s fiscal year for the acquisition, implementation, operation and maintenance of EVERBRIDGE, said amounts to be determined as a ratio of the percentage of the estimated total population for Washington County published by the U.S. Census Bureau for 2013 and a percentage of the total cost of EVERBRIDGE; and

NOW THEREFORE, in consideration of the mutual covenants expressed in this Agreement, the receipt and sufficiency of which are hereby acknowledged, and in accordance with the provisions of Chapter 791, Texas Government Code, the Cooperating Parties do hereby agree as follows:

ARTICLE I
EVERBRIDGE

Section 1.1 Description of EVERBRIDGE. EVERBRIDGE is a company that provides, for a fee, a mass notification software package to its clients by which mass notifications may be generated quickly and effectively to users who have subscribed to the notification service. Included in this mass notification package is a weather program entitled “SMART Weather” which provides mass notifications about weather conditions in the prescribed area.

ARTICLE II
PAYMENT OBLIGATIONS

Section 2.1 City and County Payments Obligations. The City and County acknowledge and understand that each Party shall be responsible for funding and paying a portion of the costs incurred in each Party’s fiscal year for the acquisition, implementation, operation and maintenance of EVERBRIDGE. Notwithstanding the respective participation levels individually attributable to each Party, the City and County agree to share in the total costs collectively attributable to both the City and the County, with each party’s share to be determined on a per capita basis using the estimated total population for Washington County published by the U.S. Census Bureau for 2013 and the total cost of EVERBRIDGE.

Section 2.2 Computation of the Payment Obligations. The City and County agree that the total estimated population for Washington County published by the U.S. Census Bureau for 2013 is 34,000 with the City population being 16,000, or 47% of the total County population and the County population outside of the City’s corporate boundaries being 18,000, or 53% of the total County population. The cost per resident shall be determined by dividing the total cost of EVERBRIDGE ($11,000.00) by the total estimated County residents (34,000), which equals $0.3235294 per resident. The dollar amount to be assessed individually to the City and the County shall be determined by multiplying $0.3235294 times the population attributable to each Party.
Section 2.3 Invoicing and Paying of Obligations. Within thirty (30) days after the County pays the total amount due to EVERBRIDGE, the County shall cause to be sent to the City an invoice for $5,176.48 which is the amount of the City’s share of the cost as determined by the computation method described in section 2.2 of this Article II. This amount represents the City’s share of the costs of the services that were paid by the County under the County’s agreement with EVERBRIDGE. The City shall pay to the County $5,176.48 within thirty (30) days of receiving the invoice. However, the first invoice to be sent to the City pursuant to this Agreement will be sent by the County to the City within thirty (30) days of the date the last Party executed this Agreement.

ARTICLE IV
MISCELLANEOUS

Section 4.1 Assignment. This Agreement shall bind and inure to the benefit of the Cooperating Parties hereto, their successors and assigns. This Agreement may not be assigned by either Party without the express written consent of the other Party.

Section 4.2 Term. This Agreement shall be effective immediately upon the approval of this Agreement by both parties. The initial term of this Agreement is from the effective date stated herein and shall terminate on January twentieth (20th), 2016. After the initial term, this Agreement shall automatically renew for subsequent terms of one (1) year on January twentieth (20th) of each subsequent year.
Section 4.3 **Termination.** Either Party may terminate this Agreement by giving the other Party written notice of its intent to not renew the Agreement at least sixty (60) days prior to the end of the then current term. This Agreement may also be terminated by either Party upon a material breach of a term or provision of the Agreement and the failure of the breaching Party to cure (or commence activities to cure if the breach cannot be immediately cured) within thirty (30) days of written notice of the existence of the material breach from the Party not in breach.

Section 4.4 **Attorney’s Fees.** If any action is brought to enforce, construe or determine the validity of any term or provision of this Agreement (whether at the trial court level or any appeal therefrom), the prevailing party shall be entitled to reasonable attorney’s fees and costs of the action.

Section 4.5 **Waiver of Immunity.** No Party hereto has agreed to waive any defense, right, immunity, or other protection under law, including any statutory provision, by entering into this Agreement.

Section 4.6 **Severability.** If any part of this Agreement is for any reason found by a court of competent jurisdiction to be unenforceable, all other parts remain enforceable unless the result materially prejudices either Party.

Section 4.7 **Entire Agreement.** This Agreement merges the prior negotiations and understandings of the Parties and embodies the entire Agreement of the Parties. No other agreements, assurances, conditions, covenants (express or implied), or other terms of any kind, exist between the Parties regarding this Agreement, except as provided herein.

Section 4.8 **Written Agreement.** Unless otherwise specified, this Agreement may be amended only by written instrument approved by the Parties hereto.

Section 4.9 **Applicable Laws; Venue.** This Agreement is subject to the laws of the State of Texas, the laws of the federal government of the United States, and all rules and regulations of any regulatory body or officer having jurisdiction. Exclusive venue for any claim, dispute, lawsuit or other legal proceeding arising out of or involving this Agreement shall be in Washington County, Texas.

Section 4.10 **Captions.** Captions contained in this Agreement are for reference only and, therefore, have no effect in construing this Agreement. The captions are not restrictive of the subject matter of any section in this Agreement.

Section 4.11 **Non-Waiver.** If either Party fails to require the other to perform a term of this Agreement, that failure does not prevent the party form later enforcing that term and all other terms. If either Party waives the other’s breach of a term, that waiver does not waive a later breach of this Agreement.

Section 4.12 **Ambiguities.** If any term of this Agreement is ambiguous, it shall not be construed for or against any Party on the basis that the Party did or did not write it.
Section 4.13 Parties in Interest. This Agreement does not bestow any rights upon any third party, but binds and benefits the City and the County only.

Section 4.14 Counterparts. Signatures hereby may be counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
