THINK PINK THURSDAY

Milton Y. Tate Jr., Mayor
City of Brenham
ORDINANCE NO. O-15-030

TEXAS MUNICIPAL RETIREMENT SYSTEM

AN ORDINANCE AUTHORIZING AND ALLOWING, UNDER THE ACT GOVERNING THE TEXAS MUNICIPAL RETIREMENT SYSTEM, “UPDATED SERVICE CREDITS” IN SAID SYSTEM FOR SERVICE PERFORMED BY QUALIFYING MEMBERS OF SUCH SYSTEM WHO PRESENTLY ARE MEMBERS OF THE CITY OF BRENHAM; PROVIDING FOR INCREASED PRIOR AND CURRENT SERVICE ANNUITIES FOR RETIREES AND BENEFICIARIES OF DECEASED RETIREES OF THE CITY; AND ESTABLISHING AN EFFECTIVE DATE FOR SUCH ACTIONS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BRENHAM, TEXAS:

Section 1. Authorization of Updated Service Credits.

(a) On the terms and conditions set out in Sections 853.401 through 853.403 of Subtitle G of Title 8, Government Code, as amended (hereinafter referred to as the "TMRS ACT"), each member of the Texas Municipal Retirement System (hereinafter referred to as the "System") who has current service credit or prior service credit in the System in force and effect on the 1st day of January of the calendar year preceding such allowance, by reason of service in the employment of the City, and on such date has at least 36 months of credited service with the System, shall be and is hereby allowed "Updated Service Credit" (as that term is defined in subsection (d) of Section 853.402 of said title) in an amount that is 100% of the "base Updated Service Credit" of the member (calculated as provided in subsection (c) of Section 853.402 of said title). The Updated Service Credit hereby allowed shall replace any Updated Service Credit, prior service credit, special prior service credit, or antecedent service credit previously authorized for part of the same service.

(b) On the terms and conditions set out in Section 853.601 of said title, any member of the System who is eligible for Updated Service Credits on the basis of service with this City, and who has unforfeited credit for prior service and/or current service with another participating municipality or municipalities by reason of previous service, and was a contributing member on 1st day of January of the calendar year preceding such allowance, shall be credited with Updated Service Credits pursuant to, calculated in accordance with, and subject to adjustment as set forth in said 853.601.

(c) In accordance with the provisions of subsection (d) of Section 853.401 of said title, the deposits required to be made to the System by employees of the several participating departments on account of current service shall be calculated from and after the date aforesaid on the full amount of such person's earnings as an employee of the City.

Section 2. Increase in Retirement Annuities.

(a) On terms and conditions set out in Section 854.203 of Subtitle G of Title 8, Government Code, as amended, the City hereby elects to allow and to provide for payment of the increases below stated in monthly benefits payable by the System to retired employees and to beneficiaries of deceased employees of this City under current service annuities and prior service annuities arising from service by such employees to this City. An annuity increased under this Section replaces any annuity or increased annuity previously granted to the same person.
(b) The amount of annuity increase under this Section is computed as the sum of the prior and current service annuities on the effective date of retirement of the person on whose service the annuities are based, multiplied by 70% of the percentage change in Consumer Price Index for All Urban Consumers, from December of the year immediately preceding the effective date of the person’s retirement to the December that is 13 months before the effective date of this ordinance.

(c) An increase in an annuity that was reduced because of an option selection is reducible in the same proportion and in the same manner that the original annuity was reduced.

(d) If a computation hereunder does not result in an increase in the amount of an annuity, the amount of the annuity will not be changed hereby.

(e) The amount by which an increase under this Section exceeds all previously granted increases to an annuitant is an obligation of this City and of its account in the Benefit Accumulation Fund of the System.

Effective Date Subject to approval by the Board of Trustees of Texas Municipal Retirement System, the updated service credits and increases in retirement annuities granted hereby shall be and become effective on the 1st day of January, 2016.

Public Hearing Considering an Amendment of Appendix A – “Zoning” of The Code of Ordinances of the City of Brenham Granting a Specific Use Permit to True Believers Christian Fellowship Church to Allow for a Church and Related Auxiliary Uses on Property Located on Clay Street in an R-2, Mixed Residential Zoning District, and Being Described as Part of Lots 4 and 29 of the College Heights Addition and the Portion of Porter Street Adjacent to These Lots in Brenham, Washington County, Texas.

**SUMMARY STATEMENT:**
True Believer Christian Fellowship has requested a special use permit (SUP) for a portion of lots 4 & 29 of the College Heights Addition subdivision. There is currently city right-of-way that runs through the property that is going through the process and has been abandoned by council pending a plat being filed bringing the lots into conformance. Lots 1 – 3 & 30 – 32 have been granted a SUP at a previous City Council meeting. The church decided to purchase additional land and needed to come back to Council to get their whole property under the same regulation.

**Comprehensive Plan Compliance**
The City of Brenham Envision 20/20 Comprehensive Plan lists this property as being a single family residential district. The zoning ordinance lists this as R-2 Mixed Residential. Churches and auxiliary uses are within the allowed requests for special use permits in the R-2 Mixed Residential District.

**Thoroughfare Plan Compliance**
The proposed church could have access from both Clay Street and/or Sabine Street. The Church has indicated they will likely access from Sabine St. Both roads are classified as local residential.

**Public Concerns**
Staff did not receive any public concern on this item.

**STAFF ANALYSIS (For Ordinances or Regular Agenda Items):**
A. **PROS:** Allow for orderly development.
B. **CONS:** Potential for increased traffic. Potential for additional street parking.

AN ORDINANCE AMENDING APPENDIX A - "ZONING" OF THE CODE OF ORDINANCES OF THE CITY OF BRENHAM, TEXAS, AMENDING THE OFFICIAL ZONING MAP TO GRANT A SPECIFIC USE PERMIT TO TRUE BELIEVER CHRISTIAN FELLOWSHIP ON BEHALF OF DONALD BOECKER, LAND OWNER, OF BRENHAM FOR A CHURCH AND RELATED AUXILIARY USES, INCLUDING EDUCATIONAL AND PHILANTHROPIC USES IN AN R-2 (MIXED RESIDENTIAL) ZONING DISTRICT AND BEING LOCATED ON A PORTION OF LOTS 4 AND 29 OF THE COLLEGE HEIGHTS ADDITION IN THE CITY OF BRENHAM, WASHINGTON COUNTY, TEXAS.

WHEREAS, the City of Brenham has adopted Appendix A – “Zoning” of the City of Brenham Code of Ordinances, as amended, which divides the City of Brenham into various zoning districts;

WHEREAS, Appendix A – “Zoning” of the City of Brenham Code of Ordinance authorizes the City Council to grant specific use permits for specific uses within the various zoning districts; and

WHEREAS, this amendment was recommended for approval by the Brenham Planning and Zoning Commission during its regular meeting on October 5, 2015;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF BRENHAM, TEXAS, THAT APPENDIX A - "ZONING" OF THE CODE OF ORDINANCES OF THE CITY OF BRENHAM, TEXAS, AND THE OFFICIAL ZONING MAP BE AMENDED IN THE FOLLOWING MANNER:

SECTION 1. That Appendix A - "Zoning" of the Code of Ordinances of the City of Brenham, Texas, and the Official Zoning Map of the City of Brenham is hereby amended to grant a specific use permit to True Believer Christian Fellowship, its successors and assigns, on behalf of Donald Boeker, land owner, of Brenham for a church and related auxiliary uses, including educational and philanthropic uses in an R-2 (Mixed Residential) zoning district and being located on a portion of lots 4 and 29 of the College Heights Addition in the City of Brenham, Washington County, Texas.

SECTION 2. This Ordinance shall take effect immediately upon the occurrence of all of the following: 1) compliance with the requirements of the Charter of the City of Brenham, Texas; and 2) the City of Brenham Planning and Zoning Commission’s approval of a replat of Lots 1, 2, 3, a portion of lot 4, a portion of lot 29, 30, 31, and 32 of the College Heights Addition into one (1) single lot, and the recording of said replat in the official records of Washington County, Texas.

SECTION 3. Upon holding a properly notified public hearing, the City Council may amend, change, or rescind the Specific Use Permit granted by this Ordinance if:
a. There is a violation and conviction of any of the provisions of this Ordinance, or any ordinance of the City of Brenham, that occurs on the Property;

b. The building, premises, or Property used pursuant to the Specific Use Permit granted by this Ordinance are enlarged, modified, structurally altered, or otherwise significantly changed unless a separate Specific Use Permit is granted for such enlargement, modification, structural alteration, or change;

c. There is a violation of any provision of the terms and conditions of the Specific Use Permit granted by this Ordinance; or

d. As otherwise permitted by law and/or Brenham’s Zoning Ordinance, as it exists or may be amended.

PASSED and APPROVED on its first reading this the 15th day of October, 2015.

AGENDA ITEM DESCRIPTION: Discuss and Possibly Act Upon the Purchase of Infield Turf for Several of the City’s Baseball and Softball Fields and Authorize the Mayor to Execute Any Necessary Documentation

SUMMARY STATEMENT: Currently the City of Brenham utilizes red infield clay that is very affordable for the playing surface on all the local fields. This product costs about $18/ton and is mixed with a soil enhancement material to provide a loose infield playing surface. This process costs around $2700-$2800 for a softball field such as Stark or Clayton.

Over the years we have witnessed that this material although very affordable does not perform well in any amount of rainfall. We continually see that even with rainfall amounts within the .02 tenths or more games have to be cancelled and postponed. This material becomes very slick due to the clay material and does not evaporate well even on fields that drain well.

In 2014 we replaced the red clay material on Schwartz and VanDyke with a new material called Masterseal Infield Mix. This material has worked wonders on these two fields. We have seen a 100% improvement on playing availability compared to the red clay material. There has been several times in which we have received .50 - 2.0” of rainfall and these are the only two fields that remain open. Our tournament directors and park users have noticed the improvement and are happy with the transition of these fields.

BCDC has agreed to fund improvements using this same material on Clayton, Stark, Boehm, Schulte, Dallmeyer, Matthies, Cooper and Schroeder fields. This process involves tilling in Masterseal Conditioner 2-3” inches deep, semi-grading the surface and then adding 54-80 tons of Masterseal Infield Mix followed by a final laser grading.

Staff has consulted with numerous grounds masters from municipalities, high schools, and colleges and when speaking of an infield surface this is the newest advancement that still allows a great playing surface and the best opportunity to play even when moisture presents itself. There are many facilities that are using this and if we want to stay competitive with other facilities we really need to change our infields to allow a better playing surface during those times when it rains. In the past and as recently as this spring, we have had to cancel tournaments due to small amount of rainfall. When this happens it is noted by the tournament director and other places are looked at for future tournaments due to playability of the fields.
We considered conducting this in phases but in all reality we would be better off transitioning all of the infields to this product so that we have all of them equal and whether it is baseball or softball you have a better opportunity of playing shortly after rain events.

BCDC has approved $100,000 for these upgrades. If approved by council the work will begin in late October and will conclude by the end of December. These upgrades are a fairly quick process and will be available for play within a few weeks after final improvements are made. This product is a sole source and can only be installed and applied by Master Turf Products and Services, Inc.

We ask council to approve of this purchase.

Dear Casey,

The following information is being provided as requested per our meeting and conversations about renovation needs for the City of Brenham Stark Softball Field:

**Description**  
Scope of Work: Till in 360 lbs. Masterseal Conditioner 2-3 inches deep, Semi-Grade, Install 100 tons of Masterseal Infield Mix, Rebuild Pitching Mound and Homeplate area with Clay Bricks and Laser Grade Field with Tractor.

</tr>
</tbody>
</table>

We highly recommend removing all lips and humps as stated above in order to have the best playing surface as possible. If you do not remove lips and humps the fields will only get worse as the years go on and will require more infield mix in order to install to current playing levels. You will have truer hops, a superior playing surface and less rainouts by removing these lips and humps.

By removing existing lips, we estimate there should be less Masterseal Infield Mix used on renovating your softball field. Therefore, a cost savings could be applied.

Should more Masterseal Infield Mix be needed in order to level the field properly, the cost would be on a per ton basis. This is not expected to be needed. You will only be billed for infield mix shipped, if we deliver less material then quoted above.

All sprinkler heads need to be identified around areas being worked on, along with entering and exiting the field. Also, identify all base anchors at 1st, 2nd and 3rd bases.

AGENDA ITEM DESCRIPTION: Discuss and Possibly Act Upon the Purchase of a Residential Garbage Truck, Using BuyBoard Contract No. 430-13, for the City of Brenham’s Sanitation Department and Authorize the Mayor to Execute Any Necessary Documentation

SUMMARY STATEMENT: During the 2015-16 budget process the Sanitation Dept. requested a replacement residential refuse truck for their fleet. This replacement was part of the 10 yr. capital improvement plan. This truck will replace a 1998 residential refuse truck that has been a part of our fleet for 17 yrs. Staff budgeted $165,000 for this replacement. The quotes we have received are slightly over the budgeted amount due to mostly extended warranties on the truck. We feel that these extended warranties are needed and that we would pay less for these warranties now rather than having to pay for repairs to the truck at a later date. The warranties cover exhaust/after treatment on the new emissions standards, engine, engine electronics and injectors for 84 months or 150,000 miles or 5,400 hrs. We could decrease these warranties but would only save $3,000 and it would knock off two additional years. The remaining amount is due to a dumpster reeving system that will be needed to empty dumpster at the Recycling Center.

This truck will be a 2016 7400 2 x 4 International truck with a Heil 20 yd. compaction body. It will be identical to our current trucks. This truck will be put on the streets and one of our 2008 trucks will be used as the spare truck during repairs and double pickup days.

Even though this truck is quoted at $174,510 and is $9,510 over our budgeted amount we do have the resale revenue from the 1998 truck that will offset this overage. In 2008 we received $25,000 for our used residential garbage truck and should see close numbers to that this time.

We would like to recommend that council allow staff to purchase this 2016 residential refuse truck through the buy board local government purchasing cooperative for $174,510.00.

**AGENDA ITEM DESCRIPTION:**
Discuss and Possibly Act Upon the Purchase of Water Play Features, Using BuyBoard Contract No.451-14, for the Leisure Pool at the Blue Bell Aquatic Center and Authorize the Mayor to Execute Any Necessary Documentation

**SUMMARY STATEMENT:**
Each budget cycle staff seeks out guidance, support and funding for various Parks and Recreation initiatives from the Brenham Community Development Corporation (BCDC) Board of Directors. For the FY16 budget cycle, the Blue Bell Aquatic Center (BBAC) requested funding to replace two outdoor water features in the Leisure Pool area. The BCDC granted this funding request at their June 4, 2015 meeting and staff now respectfully seeks Council’s approval of this purchase. Staff has engaged Purchasing Services to ensure this purchase is compliant with procurement procedures and governmental codes. The attached quote in the amount of $89,950 from Progressive Commercial Aquatics includes a Mystical Super Splash and Wet Play Structure. This purchase will be made from the BuyBoard (a cooperative purchasing entity) under contract #451-14.

Parks and Recreation projects are discussed and prioritized at Parks Advisory Board meetings which are held throughout the year. The Parks Advisory Board approved this FY16 initiative to be presented for BCDC funding at their May 20, 2015 meeting. This project is consistent with the goals of the 2015-2025 Parks, Recreation and Open Spaces Master Plan which was adopted by Council at the March 5, 2015 meeting. These new features which replace original playscapes at the BBAC offer multiple play experiences for patrons. Attached are photos of the existing playscapes alongside the replacement features.

The Leisure Pool at the BBAC is a safe and fun place for residents and visitors to the community to come and enjoy family recreation. Staff seeks to continually enhance the patron recreation and leisure experience at the BBAC, and these new features should contribute to the award winning trend of excellence at the BBAC.

**STAFF ANALYSIS (For Ordinances or Regular Agenda Items):**

A. **PROS:** BBAC patrons will experience new playscape features in the Leisure Pool.

B. **CONS:** The BBAC will keep existing features that will need extensive repair and refurbishment in the future.

Discuss and Possibly Act Upon Resolution No. R-15-028 Nominating Candidates for Election to the Washington County Appraisal District Board of Directors

**SUMMARY STATEMENT:**
The governing body of the Washington County Appraisal District is nominated and appointed by the governing bodies that levy and collect a property tax. A ballot will be prepared for one of your November meetings based on the nominations received from the governmental entities. Attached is a letter from Chief Appraiser Willy Dilworth outlining the process and reporting on the status of the five current board members. All five have expressed a willingness to serve and an additional two-year term if it is your desire. The current five members are: John Schaer, Charles Gaskamp, Johanna Fatheree, Leslie Boehnemann, Jr., and Delton Koerth.

Re: Nomination and Election of Washington County Appraisal District Board Members

Dear Mr. Roberts,

It is again time to elect the board members of the Washington County Appraisal District. As in years past, each voting taxing entity may nominate from one to five candidates to serve on the Washington County Board. All nominations must be by written resolution and must be received in my office before October 20, 2015.

The calculation of the number of votes your entity will receive is illustrated below. Please examine this calculation and contact me with any questions you may have.

To arrive at your taxing unit’s votes, please use the following formula:

(UNIT’S 2014 LEVY / TOTAL OF ALL LEVIES) X 5,000 = # OF VOTES
After all nominations have been received, the official ballot will be prepared and delivered to the presiding officer of each voting taxing entity. The entity will then cast their votes for whichever candidate(s) they choose and submit the ballot to this office before December 1, 2015.

For those of you who are interested, the current members of the Board of Directors of our appraisal district are as follows:

    John Schaer
    Charles Gaskamp
    Johanna Fatheroe
    Leslie Boehnemann, Jr.
    Delton Koerth

Each of these board members has indicated a willingness to serve an additional two-year term if it is your desire. I have enclosed a copy of the qualifications for serving on the board of directors. I trust you will call (277-3749) if you have any questions concerning these qualifications or the election process.

Again, please remember that all nominations must be received by written resolution before October 20, 2015, to be included on the ballot.

Sincerely,

Willy Dilworth
Chief Appraiser
ELIGIBILITY REQUIREMENTS

Board of Directors

To be eligible to serve on the board, a person must have resided in the appraisal district for at least two years immediately proceeding the date of taking office.

Persons who meet the basic residence test could still be disqualified from serving. These reasons for disqualification ensure directors are not exposed to conflicts of interest.

An employee of a taxing unit that participates in the appraisal district may not serve. However, an elected official or member of the governing body of a participating taxing unit may serve.

Effective January 1, 1999, the Tax code provides that the county tax assessor-collector will serve on the appraisal district board of directors. The county tax assessor automatically will serve as a nonvoting district director, if the county tax assessor is not appointed to the board of directors under the regular process. If a taxing unit, such as the county commissioner’s court, appoints the county tax assessor to the appraisal district board, then the county tax assessor serves as a voting member.

The county tax assessor does not have to meet the residency requirements for serving as a nonvoting director.

The county tax assessor-collector is ineligible to serve as a nonvoting or voting director if the county tax assessor also serves as the CAD’s chief appraiser. The county tax assessor is ineligible to serve as a nonvoting director if the county has contracted for the assessment and collection of county taxes with another taxing unit or with the CAD. In Washington County the county contracts with the Brenham ISD for the assessment and collection services.

A person may not be appointed or continue to serve on the board, if related within the second degree of consanguinity or affinity to the following persons:

- An appraiser who appraises property for use in the appraisal district’s appraisal review board proceeding, or;
- A tax representative who represents taxpayers for compensation before the appraisal district’s appraisal review board.

A director who is related to an appraisal district employee within the second degree by affinity or within the third degree by consanguinity may not serve as long as the relative remains employed by the appraisal district. This provision went into effect September 1, 1989, so a director related to an appraisal district employee must either resign or the employee must resign.

Members of the board of directors serve two-year terms beginning on January 1 of even-numbered years.
