WORK SESSION

5. Discussion and Presentation Regarding Changes to Bagged Garbage Disposal and Associated Charges at the City of Brenham Recycling Center

Public Works Director Dane Rau presented this item. Rau explained that the Sanitation Department is reviewing possible strategies to improve operations and efficiency at the Recycling Center. Rau stated that the City currently collects bagged trash at the downtown Recycle Center and the Collection Center. Rau advised that at each location, the fee has been $1.00 per bag for over 15 years. Rau noted that dumpsters at the Recycle Center are emptied by residential trash workers, who are being pulled from residential service sometimes several times per day and sometimes this interferes with timely residential service.

Rau explained that he has discussed operations with Strategic Budget Officer Debbie Gaffey and Assistant City Manager Lowell Ogle. Rau advised that they are in agreement that services, efficiency, and accountability will be improved by moving the trash portion of the services from the Recycle Center to the Collection Center only. Rau stated that staff plans to make the transition effective February 1, 2019. Rau noted that in January, staff plans to ask Council to increase the disposal fee from $1.00 per bag to $2.00 per bag.

REGULAR SESSION

6. Discuss and Possibly Act Upon an Ordinance on Its First Reading Authorizing the Placement of a Stop Sign on Center Street at Its Intersection with Crockett Street

Public Works Director Dane Rau presented this item. Rau explained that in order to remain consistent in this area, staff believes there should be a stop sign on the end of Center Street where it intersects with Crockett Street. Rau stated that Alma and Ross Streets both have stop signs when intersecting with Crockett Street, but Center Street does not. Rau noted that there would only be one stop sign added going northbound on Center Street.

A motion was made by Councilmember Cantey and seconded by Councilmember Herring to approve an ordinance on its first reading authorizing the placement of a stop sign on Center Street at its intersection with Crockett Street.

Mayor Pro Tem Ebel called for a vote. The motion passed with Council voting as follows:

7. Discuss and Possibly Act Upon an Ordinance on Its First Reading Authorizing the Placement of a Stop Sign on Duprie Drive at Its Intersection with Stephanie Street

Public Works Director Dane Rau presented this item. Rau explained that in order to remain consistent in this area, staff is asking Council to authorize the placement of a stop sign on the end of Duprie Drive where it intersects with Stephanie Street. Rau noted that Stephanie Street has the right of way and without a stop sign on Duprie, it allows traffic to freely enter Stephanie. Rau advised that this has been brought to staff’s attention and staff would like to address it and keep this area consistent. Rau stated there would only be one stop sign added going eastbound on Duprie Drive as it intersects with Stephanie Street. Rau noted that staff would place a temporary stop sign there to let the citizens know before installing the permanent sign.

A motion was made by Councilmember Cantey and seconded by Councilmember Kolby to approve an ordinance on its first reading authorizing the placement of a stop sign on Duprie Drive at its intersection with Stephanie Street.

8. Discuss and Possibly Act Upon an Ordinance on Its First Reading Authorizing the Placement of a Stop Sign on Hosea Street at Its Intersection with Riggs Street

Public Works Director Dane Rau presented this item. Rau explained that due to the new housing development on the end of Hosea Street, staff would like to place a stop sign on the north corner of Hosea Street where it intersects with Riggs Street. Rau stated that the south side of the intersection already has a stop sign but with the additional traffic, staff needs to complete the 2-way stop so that traffic on Hosea Street stops to traffic on Riggs Street. Rau noted that this was noticed by staff, as well as brought to Rau’s attention by a citizen.

A motion was made by Councilmember Herring and seconded by Councilmember Cantey to approve an ordinance on its first reading authorizing the placement of a stop sign on Hosea Street at its intersection with Riggs Street.

9. **Discuss and Possibly Act Upon the Purchase of Playground Equipment for the Blue Bell Aquatic Center Through the BuyBoard Local Government Purchasing Cooperative Contract Number 512-16 and Authorize the Mayor to Execute Any Necessary Documentation**

Public Works Director Dane Rau presented this item. Rau stated BCDC has approved funds to replace playground equipment at the Blue Bell Aquatic Center, which is 17 years old. Rau advised that the footprint of the new equipment is different from the old equipment, and vendors have recommended a new pour-n-play surface be installed. Rau noted that BCDC allocated $60,000 to replace the structure. City Attorney Cary Bovey stated that his office had requested changes to the terms and conditions of the purchase contract. Purchasing Manager Sara Parker stated that she had not yet received a response from the vendor, but based on staff’s previous experience with the vendor, staff did not think there would be a problem.

A motion was made by Councilmember Herring and seconded by Councilmember Cantey to approve the purchase of playground equipment for the Blue Bell Aquatic Center from Kraftsman Commercial Playgrounds and Water Parks in the amount of $98,136.16 for the Blue Bell Aquatic Center, subject to approval of terms and conditions by the City Attorney, and authorize the Mayor to execute any necessary documentation.

Sanguedolce stated that he submitted an abandonment application on November 28th and the adjacent property owners have agreed to the abandonment and that it should remain with Mr. Harmon’s property. Mayor Tate called for a vote. The motion passed with Council voting as follows:

- Mayor Milton Y. Tate, Jr.      Yes
- Mayor Pro Tem Andrew Ebel      Yes
- Councilmember Susan Cantey     Yes
- Councilmember Danny Goss       Yes
- Councilmember Keith Herring    Yes
- Councilmember Albert Wright    Yes
- Councilmember Clint Kolby      Yes

Information Technology Manager Kevin Schmidt presented this item. Schmidt explained that this item was tabled at December 13, 2018 meeting due to a request for more information about the original cost of the City’s phone system purchased in 2003. Schmidt stated the original cost was $290,212.51 after the financing costs.

Schmidt explained that the City of Brenham entered into a three-year contract for Cisco SmartNet Maintenance in 2015. Schmidt stated that this maintenance contract is essential for operating, supporting, and maintaining all critical network communications systems including BVWACS radio system transport, public safety MDTs, and City-wide voice and email communications. Schmidt advised that the contract provides access to technical support, access to software upgrades, and replacement parts for hardware failures. Schmidt noted that a multi-year contract is beneficial because Cisco raises the SmartNet costs between 3% and 10% annually. Schmidt explained that a three year renewal locks in the 2018 pricing and includes an additional discount for multi-year customers. Schmidt stated that this is estimated to save the City $7,000.00 to $17,000.00 over the course of the contract period.

A motion was made by Councilmember Herring and seconded by Councilmember Wright to approve a multi-year maintenance contract with Presidio Networked Solutions Group, LLC and a payment agreement with Presidio Technology Capital, for the City of Brenham’s Cisco SmartNet Phone System and critical network hardware and authorize the Mayor to execute any necessary documentation.
