MEMORANDUM

To: Mayor, Council and City Manager

From: Carolyn D. Miller
Assistant City Manager-Chief Financial Officer

Subject: Financial Performance Reports for Fiscal Year Ended September 30, 2018

Date: January 14, 2019

The Finance Division is pleased to provide financial performance reports for the year ended September 30, 2018 including the General Fund and five major utility funds.

Highlights of the General Fund performance summary are described below:

• General Fund ending fund balance of almost $4.7 million gives us 108 days of reserves
• FEMA Fund deficit of $875,449 utilizes (or absorbs) 21 days of General Fund reserves
• Equipment Fund ending fund balance of $318,214 gives us 8 days of available resources for capital needs in the FY18-19 budget
• Donations Fund ending fund balance of $258,820 also gives us 4 days of available resources for General Fund eligible expenditures.

Highlights of the Utility Funds performance summary are described below:

• Electric Fund working capital of over $8 million stands at 132 days
  o Almost $1.5 million has been accumulated over nine fiscal years (FY10 thru FY18) based on the LCRA purchase cost pass-through and LCRA rate refunds;
  o This amount has been set aside to stabilize the rate for our rate payer, and is tracked in Fund 122 – Electric Wholesale Power Cost.
• Gas Fund working capital of almost $1.37 million gives us 161 days
  o A major purpose of the Gas Fund working capital is to uphold the contract with our wholesale gas supplier in which we are required to set aside $850,000 as unrestricted cash reserves for the payment and purchase of natural gas;
  o $945,391 has been accumulated over nine fiscal years based on gas purchase cost recovery and over/(under) collections;
  o This amount has been set aside and is tracked in Fund 123 – Gas Wholesale Commodity Cost.
• Water Fund working capital of over $1.6 million stands at 135 days
• Wastewater Fund working capital of $660,207 gives us 61 days
• Sanitation Fund working capital of $962,206 stands at 98 days

**Conclusion**

As noted in the financial summary, the City experienced favorable to budget performance in the General Fund and all utility funds. The General Fund maintained above 90 days of reserves and all utility funds maintained above 60 days of working capital reserves.

This performance is due in a large part to the efforts of our division directors and senior management who monitor department expenditures and overall fund performance and make necessary adjustments throughout the year.

After you have reviewed the financial performance report, should you have any questions or comments prior to the Council meeting, please do not hesitate to contact me directly.

**AGENDA ITEM DESCRIPTION:** Discussion and Presentation Related to the Amendment of Chapter 5, Animal and Fowl, of the Code of Ordinances of the City of Brenham

**SUMMARY STATEMENT:** Since 2016, I have been working with staff on rewriting Chapter 5, Animal & Fowl, in the City’s Code of Ordinances. According to my research, this Chapter was first codified into the City’s code back in 1998 and has only had one minor update since then.

The new Chapter will consist of 9 Articles (the current ordinance only has 3) that will mandate things such as: animals left in hot vehicles; private animal sales; head per acre limitations for livestock, revised requirements for multi-animal permits; clarification of rabies quarantine period; the addition of dangerous dog provisions; and the regulation of community cat colonies.

During Work Session staff will give the City Council a detailed overview of the new ordinance. After Work Session the first reading of this ordinance will be presented for Council’s approval. If you have any questions about anything contained the draft ordinance, please don’t hesitate to contact myself for Chief Barrow prior to the meeting.

(a) A “continuing public nuisance” is defined as a public nuisance that, after notice as described in subsection (c) to the owner of an animal(s) or person in control of an animal(s), continues unabated as determined by the animal control authority.

(b) The animal control authority may determine that a public nuisance exists through an investigation of any reported or perceived public nuisance, and may interview witnesses or conduct such hearings as he may determine are necessary, formally or informally. He shall make a determination based on the necessity to preserve the public health, safety and welfare of the community.

(c) Upon such determination, the animal control authority shall notify the animal owner or the person in control of the animal(s). This notice shall be in writing and shall contain a statement that such person has a right to appeal. The notice shall set forth the noncompliance and order the owner to abate the public nuisance described in such notice within seven (7) days. Notice of a public nuisance shall include, but not be limited to, written notice of the existence of a public nuisance delivered by personal service, certified mail, return receipt requested, or left at the entrance to the premises where the animal(s) is harbored. A notice that is mailed is deemed received five (5) days after it is placed in a mail receptacle of the United States Postal Service.

Upon receiving an appeal, the municipal court shall hold a hearing. Based upon the record evidence of such hearing, the court shall make a final finding.

(f) The owner or person in control of the animal(s) determined to be a continuing public nuisance shall remove such animal(s) from the city within forty-eight (48) hours of an unsuccessful appeal. The failure to remove such animal(s) shall be an offense and each day thereafter that such person fails to remove such animal(s) shall constitute a separate offense. If the owner or person in control of such animal(s) fails to remove such animal(s) as provided for by order of the municipal court, such animal(s) may, as outlined in this Chapter, be impounded, put up for adoption, or humanely destroyed.
(g) The owner or person in control of such animal(s) must report the disposition and exact address or relocation of such animal(s) to the animal control authority in writing within ten (10) days after the expiration date for removal of such animal(s) from the city. Failure to report the disposition and address of such animal is an offense, and each day thereafter that such information is not provided shall constitute a separate offense.

(h) The animal control authority shall be authorized, after due process, to obtain a search and seizure warrant for the purposes of enforcing this section.

Sec. 5-9. Animals in hot vehicle or trailer.

It is presumed that an animal’s health, safety or welfare is endangered when the animal is confined in a parked or standing vehicle or enclosed trailer for a period of five (5) minutes when the ambient outside air temperature measures at or above seventy (70) degrees Fahrenheit or below thirty-two (32) degrees Fahrenheit.

The city’s animal control authority or any licensed peace officer, finding an animal being held in violation of this provision may cite the owner for violating this chapter, obtain a search warrant pursuant to state or federal law, or use reasonable force to remove an animal from a vehicle whenever it appears the animal’s health or safety is, or soon will be, endangered. Said neglected or endangered animal shall be impounded. It shall be the responsibility of the animal’s owner to repair any damage caused by the removal of the animal from the dangerous situation by the animal control authority or peace officer.

Sec. 5-10. Transporting animals in open bed trucks or trailers.

It shall be unlawful for a person to transport an animal on a public street or highway while the animal occupies the open bed of a truck, the open bed of a flatbed truck, or an open flatbed trailer unless the animal is: 1) secured in a kennel or other secured, vented enclosure; 2) restrained by a harness manufactured for the purpose of restraining animals; or 3) restrained using a chain, rope or other device cross-tied to prevent the animal from falling or jumping from the motor vehicle or from strangling on a single leash.

Sec. 5-11. Inhumane treatment of animals.

Animals shall be cared for, treated, maintained, and transported in a humane manner and not in violation of any provisions of law, including federal and state.

If the city’s animal control authority has reason to believe that an animal has been, or is being cruelly treated, the animal control authority may apply to a justice court or magistrate in Washington County or to the City of Brenham Municipal Court for a warrant to seize the animal, pending a hearing before any justice of the peace or municipal court judge of the City of Brenham Municipal Court on the issue of cruelty and disposition of the animal.

It shall be a violation for any person to offer, sell, trade, barter, lease, rent, or give away any live animal, on any roadside, public right-of-way, or commercial parking lot. This provision does not prohibit the sale or purchase of animals from inside a person’s private residence.

If admitting a service animal would fundamentally alter the nature of the service or program at a city owned or operated facility then the service animal may be prohibited.
A service animal must be harnessed, leashed, or tethered while in a city owned or operated facility unless these devices interfere with the service animal’s work or the handler’s disability prevents use of these devices. Sec. 5-39 – 5-45. RESERVED.

ARTICLE IV. KEEPING OF DOMESTIC BEES

Sec. 5-46. Certain conduct declared unlawful.

(a) The purpose of this article is to establish certain requirements of sound beekeeping practices, which are intended to avoid problems that may otherwise be associated with the keeping of bees in populated areas.

(b) In addition to the requirements set forth in this article, all beekeepers shall maintain their bee colonies in a manner that complies with the provisions of state law codified in the Texas Agriculture Code, Title 6, Subtitle A, Chapter 131 - Bees and Honey.

(c) Notwithstanding compliance with the various requirements of this article, it shall be unlawful for any beekeeper to keep any colony or colonies in such a manner or of such disposition as to cause any unhealthy condition, interfere with the normal use and enjoyment of human or animal life of others, or interfere with the normal use and enjoyment of any public property or property of others.

Sec. 5-47. Hives.

All bee colonies shall be kept in Langstroth-type hives with removable frames, which shall be kept in sound and usable condition.

Sec. 5-48. Fencing of flyways.

In each instance in which any colony is situated within twenty-five (25) feet of a public or private property line of the tract upon which the apiary is situated, as measured from the nearest point on the hive to the property line, the beekeeper shall establish and maintain a flyway barrier at least six (6) feet in height, consisting of a solid wall, fence, dense vegetation, or combination thereof, that is parallel to the property line and extends ten (10) feet beyond the colony in each direction so that all bees are forced to fly at an elevation of at least six (6) feet above ground level over the property lines in vicinity of the apiary. It is a defense to prosecution under this section that the property adjoining the apiary tract in the vicinity of the apiary is undeveloped property for a distance of at least twenty-five (25) feet from the property line of the apiary tract.
Sec. 5-49. Water.

Each beekeeper shall ensure that a convenient source of water is available at all times to the bees so that the bees will not congregate at swimming pools, bibcocks, pet watering bowls, bird baths, or other water sources where they may cause human, bird or domestic pet contact.

Sec. 5-50. General maintenance.

Each beekeeper shall ensure that no bee comb or other materials that might encourage robbing are left upon the grounds of the apiary site. Upon their removal from the hive, all such materials shall promptly be disposed from the hive and all such materials shall promptly be disposed of in a sealed container or placed within a building or other bee-proof enclosure.

Sec. 5-51. Queens.

Each beekeeper must re-queen a colony at least once every two (2) years; however, a beekeeper must immediately re-queen a colony in any instance in which a colony exhibits unusually aggressive characteristics by stinging or attempting to sting without due provocation, or exhibits an unusual disposition towards swarming. Queens shall be clipped and marked so they are unable to swarm and can be easily located by a state beekeeping inspector upon inspection, and each beekeeper shall retain a record of the purchase of queen bees.

Sec. 5-52. Colony densities.

(a) It shall be unlawful to keep more than the following number of colonies on any tract within the city, based upon the size or configuration of the tract on which the apiary is situated:

(1) One-quarter (¼) acre or less tract size—Two (2) colonies;

(2) More than one-quarter (¼) acre but less than one-half (½) acre tract size—Four (4) colonies;

(3) More than one-half (½) acre but less than one (1) acre tract size—Six (6) colonies;

(4) One (1) acre or larger tract size—Eight (8) colonies;

(5) Regardless of tract size, where all hives are situated at least two hundred (200) feet in any direction from all property lines of the tract on which the apiary is situated, there shall be no limit to the number of colonies;

(6) Regardless of tract size, so long as all property other than the tract upon which the hives are situated, that is within a radius of at least two hundred (200) feet from any hive remains undeveloped property there shall be no limit to the number of colonies.

(b) For each two (2) colonies authorized under the colony densities set out above, there may be maintained upon the same tract one (1) nucleus colony in a hive structure not exceeding one (1) standard nine and five-eights (9 5/8 ) inch-deep ten-frame hive body with no supers attached as required from time to time for management of swarms. Each such nucleus colony shall be disposed of or combined with an authorized colony within thirty (30) days after the date it is acquired.
Sec. 5-53. Marking hives; presumption of beekeeping.

(a) In each apiary the name and telephone number of the beekeeper shall be branded, painted or otherwise clearly marked upon the structure of at least two (2) hives and placed at opposite ends of the apiary. Instead of marking the hives, the beekeeper may conspicuously post a sign setting forth the name and telephone number of the beekeeper.

(b) Unless marked in accordance with subsection (a), it shall be presumed for purposes of this article that the beekeeper is the person or persons who own or otherwise have the present right of possession and control of the tract upon which a hive or hives are situated. The presumption may be rebutted by a written agreement authorizing another person to maintain the colony or colonies upon the tract, setting forth the name, address and telephone number of the other person who is acting as the beekeeper.

Sec. 5-54. Authorization and right of entry of state beekeeping inspector; violation of article.

(a) For the purpose of enforcing the provisions of this article, the city health officer may at all reasonable times enter in and upon any premises within his jurisdiction. The director of public works is hereby authorized to designate a state beekeeping inspector to exercise the powers and duties of the city health officer to enforce the provisions of this article and to investigate the condition of the bees and/or hives and, if necessary, collect samples of bees to determine if the bees are diseased and/or Africanized. All expenses of the state beekeeping inspector's services will be charged to the owner of the property on which the hives are located and a copy of the inspection report will be retained by the city.

(b) Any person or persons charged with any of the duties imposed by this article failing within the time designated by this article or within the time stated in the notice of the health officer, as the case may be, to perform such duties, or to carry out the necessary measures to the satisfaction of the health officer, shall be deemed guilty of a misdemeanor and upon conviction in the municipal court of the city shall be subject to a fine of not less than one dollar ($1.00) and not to exceed one thousand dollars ($1,000.00) for each offense, and each and every day a violation continues, it shall constitute a separate offense.

Sec. 5-64 – 5-69. RESERVED.
ARTICLE VI. RABIES ENFORCEMENT

Sec. 5-70. State regulations adopted.

The City hereby adopts by reference the Texas State Rabies Control Act, as amended, and the standards established by the appropriate state agency or rule-making board as minimum standards for rabies control and quarantine provisions within the City.

Sec. 5-71. Designation of local rabies control authority.

The Animal Services Supervisor is hereby designated as the local rabies control authority as authorized under Chapter 826 of the Texas Health and Safety Code.

Sec. 5-72. Vaccinations.

(a) Every dog or cat over four (4) months of age must be vaccinated once every twelve (12) months against rabies by a state licensed veterinarian and wear evidence of said vaccination.

(b) A person commits an offense if he intentionally or knowingly owns or possesses a dog or cat, older than four (4) months, that has not been vaccinated for rabies.

(c) It shall be a defense to any prosecution under this section if the person accused of the offense presents a certificate of vaccination, issued by a state licensed veterinarian, with a date of not more than twelve (12) months prior to date of the offense.

(e) It shall be an affirmative defense to any prosecution under this section if:
   (1) The animal was less than four (4) months old on the date of the offense; or
   (2) The animal is of a species not susceptible to rabies.

Sec. 5-73. Report of bite cases.

It shall be the duty of every person, physician or other practitioner to report to the local rabies control authority the names and addresses of any persons treated for bites or scratches inflicted by animals. Any other information that may help in locating the victim or the animal shall also be reported.

Sec. 5-74. Report of rabies.

It shall be the duty of every licensed veterinarian to report to the local rabies control authority his diagnosis of rabies or of any animal observed by him as a rabies suspect.

Sec. 5-75. Quarantine of animals.

Any animal believed or reported to be rabid, may have been exposed to rabies or has bitten, clawed or scratched a person shall be quarantined for two hundred forty (240) hours at a state licensed animal hospital or veterinarian office for medical evaluation and rabies testing. The owner of such animal shall immediately notify the city’s animal control authority and fully cooperate with all required precautionary procedures.
A person commits an offense if the person fails or refuses to present for quarantine or testing, an animal that is suspected of rabies as defined in this article. A person may be issued a citation for non-compliance for violating this provision. The animal control authority shall be authorized to obtain a search and seizure warrant if there is reason to believe any requirements of this article are violated.

Sec. 5-76. Release or disposition of quarantined animals.

Any animal, after the required two hundred forty (240) hour quarantine period, deemed free of rabies by a state licensed veterinarian may be reclaimed by the owner upon payment of all applicable fees related to the period of the quarantine and the appropriate animal licensing requirements have been met. If the owner does not reclaim the animal within four (4) days of notification, the veterinarian or local rabies control authority may sell the animal and retain the proceeds.

When an animal under quarantine is diagnosed by a state licensed veterinarian as being rabid, the veterinarian or the local rabies control authority shall humanely destroy the animal, at the owner’s expense.

If an animal dies while under quarantine, the animal control authority shall send the head of such animal to the nearest state health department laboratory for testing. Any costs associated with such testing shall be at the owner’s expense.

Sec. 5-77 – 5-79. RESERVED.

ARTICLE VII. IMPOUNDMENT AND DISPOSITION

Sec. 5-80. Impoundment.

The City shall maintain an animal shelter to house impounded or surrendered animals. The City Manager, or his designee, shall be designated as the caretaker of every impounded or surrendered animal immediately upon their intake at the animal shelter. The designated caretaker is authorized to provide protective vaccinations, by a state licensed veterinarian or by a person under the veterinarian’s supervision, and any other medical care needed to help prevent the spread of disease in the shelter.

Upon impounding an animal, the animal control authority shall make a reasonable effort to notify the owner and inform that person of the conditions whereby custody of the animal may be regained pursuant to this article.

If an impounded unlicensed animal is not claimed by the owners within three (3) business days after notification of impoundment by the animal control authority the animal shall be subject to disposal by adoption, transfer, or humane euthanasia. The City may deviate from this timeframe when dealing with a sick, injured, diseased, dangerous, and/or feral animal or when acting pursuant to a mutual agreement between the city’s animal control authority and owner of the impounded animal.
Impounded licensed animals not claimed by the owners within five (5) business days from the date notification was provided, shall be subject to disposal by adoption, transfer, or humane euthanasia. The City may deviate from this timeframe when dealing with a sick, injured, diseased, dangerous, and/or feral animal and when acting pursuant to a mutual agreement between the city’s animal control authority and said owner of impounded animal.

If an animal has been impounded and has an identification tag, a microchip or other identification the animal control authority shall notify the owner by posting written notice at the address of the registered location of the animal, by telephone, by email, by regular mail or by whatever reasonable method is determined appropriate by the animal control authority. Notice shall be deemed sufficient if it is given pursuant to the information provided to the city for said license or as indicated on the identifying tag or microchip.

If an impounded animal has no identification tag, microchip or other identification the animal control authority may dispose of the animal by adoption, transfer, or humane euthanasia after three (3) business days.

Community cats may be held longer, as space is available. Community cats that bite or scratch a person shall undergo rabies observation or testing and be euthanized. Community cats that are impounded for biting or scratching a person may not be released to a community cat caregiver, returned to their original location or relocated to another community cat colony.

If at any time during impoundment, the animal control authority determines an animal is in a state of disease, malnutrition, pain, suffering, or the like, the animal control authority may choose to euthanize such animal or have such animal assessed by a state licensed veterinarian. When having the animal assessed by a veterinarian, the animal control authority may make a determination as to the disposition of the animal after consideration of whether the owner of the animal can be located, the cost of medical treatment, whether the owner is willing or able to pay for such medical treatment, and whether euthanasia should be recommended to prevent further suffering by the animal.

Sec. 5-81. Redemption of impounded animals.

As outlined in this article, any impounded animal may be redeemed by the registered owner. Prior to redemption of any animal the owner shall pay all applicable fees as determined by the animal control authority and sign any citations which are to be issued. Payment of outstanding shelter fees are not considered to be in lieu of a fine, penalty, or city license fees.

No animal may be redeemed until such animal is properly licensed and vaccinated, pursuant to this chapter.

Sec. 5-82. Responsibility of animal’s owner.

Disposal or redemption of an animal by any method specified herein does not relieve the animal’s owner of liability for violations and/or any accrued charges.
Sec. 5-83. Disposition of animals.

The animal control authority may dispose of impounded animals after the expiration of any required impoundment and notification period by any of the following methods:

(1) Adoption:
   a. The animal control authority shall place for adoption dogs or cats impounded by the city under the following conditions:
      (i) The animal control authority shall determine whether a dog or cat is healthy enough for adoption and if its health and age are adequate for the required rabies vaccination.
      (ii) There will be an adoption fee for all dogs and cats at an amount set by the City Council. The fee shall include, but not be limited to, the cost of sterilization, rabies vaccination, microchip and city licensing.
      (iii) All animals adopted from the city’s animal shelter shall be vaccinated against rabies, and sterilized within thirty (30) days of adoption. If, in the opinion of a state licensed veterinarian, there is a legitimate health risk justifying the delay of the sterilization, the adopter shall immediately notify the animal control authority so that another sterilization date can be selected. An adopter commits an offense if he fails to have the animal sterilized. For the purposes of this section, a legitimate health risk cannot be based solely on the animal's age.

   b. If an adopted animal dies on or before the sterilization completion date, the adopter must notify the animal control authority that the animal is deceased.

   c. If an adopted animal is lost, stolen, or transferred to another owner before the sterilization date, the adopter must provide documentation to the animal control authority stating, that the animal is lost or stolen and a police report verifying the report of theft, or the identity of the new owner if transferred. The letter shall be delivered not later than seven (7) days after the date of the animal's disappearance and shall describe the circumstances surrounding the disappearance and the date of disappearance.

   d. The animal control authority may reclaim an adopted animal if confirmation of the sterilization is not received.

(2) The animal control authority may offer the animal to an animal welfare group provided that the group sterilizes and microchips the animal prior to placing it into an adoptive home; and

(3) The animal control authority may humanely euthanize the animal by methods approved by the American Veterinary Medical Association or the Texas Department of State Health Services.

(b) The choice of which of these options to use shall be made at the sole discretion of the animal control authority unless otherwise mandated by a court order.
(c) Any impounded, licensed or unlicensed, animal which appears to be suffering from serious injury or disease and which is in immediate pain and suffering and probably will not recover or which appears to have an infectious disease which is a danger to humans or to other animals in the opinion of the animal control authority or which, due to its extremely violent nature, poses a substantial risk of bodily harm to the safety of the animal control authority, may be humanely euthanized at any time during its holding period by the animal control authority. In the event such an animal is wearing an identification tag on its collar or harness, the animal control authority shall attempt to notify the owner by telephone before taking any action.

(d) It shall be an affirmative defense to prosecution of the owner if he or she can show that, at the time of its impoundment, the animal that was at large due to a major natural disaster, fire, criminal or negligent acts of a third party who was not residing at the animal owner's residence.

In such event, the owner shall be subject only to the provisions of this chapter that require a current rabies vaccination and city license. An owner's claim of a fire or the criminal or negligent acts of a third party must be proven in one or more of the following manners:

(1) A certified copy of a city police or fire report verifying the incident; or
(2) The affidavit of city police or fire personnel with direct knowledge of the incident.

(e) It shall be unlawful for a person to fail or refuse to deliver an unlicensed or unvaccinated animal to the city animal control authority or police officer upon demand for impounding.

(b) If the supervisor determines that the owner of a dangerous dog has not complied with subsection (a) within the required time after learning that he or she is the owner of a dangerous dog, the supervisor shall provide written notice of such determination to the owner. Said owner shall, within 15 days of notice, deliver the dog to the animal control authority which shall refer the case to the municipal court for notice and hearing.

(c) The animal control authority may request the owner of a dangerous dog to show proof of compliance with subsection (a) above. (f) An owner or person filing the action may appeal the decision of the municipal court in the manner described by Texas Health & Safety Code § 822.0424. During the appeal period, the dog shall remain in the custody, care and control of the animal control authority. AGENDA ITEM DESCRIPTION: Discuss and Possibly Act Upon Resolution No. R-19-004 Authorizing the Submission of a Grant Application to Texas Parks and Wildlife Through the Community Outdoor Outreach Program (CO-OP) Grant for Angler Education Week at the Blue Bell Aquatic Center

SUMMARY STATEMENT: The Community Outdoor Outreach Program (CO-OP) grant provides funding to local governments and non-profit organizations for programming that introduces under-served populations to environmental and conservation programs as well as TPWD mission oriented outdoor activities.

Staff recommends the City apply for the Community Outdoor Outreach Program grant in order to be able to offer Angler Education Week. The CO-OP grant is a reimbursement grant offered by TPWD. The BBAC would be asking TPWD for funds in the amount of $8,297.00 to cover costs for basic supplies, refreshments, and activity supplies. (Budget request is outlined in the Angler Education Week Proposal).

For the last twelve years, the Blue Bell Aquatic Center hosts an annual KidFish event that we offer free to the community. Over the last few years, we have noticed that we are getting more kids that have little to no knowledge of how to fish. We do our best to help, but with so many people and a limited number of staff and volunteers, we are not able to give the kids the attention they need to learn. Through the CO-OP grant, the City will be able to offer these kids a chance to explore all there is to fishing sparking interest in the outdoor.

We are excited about this opportunity to receive funds to begin Angler Education Week. Our goal is to have the Angler Education Week October 7th – 11th leading straight into KidFish on October 12th.

We would like to ask council to consider approving staff to move forward with this grant.

STAFF ANALYSIS (For Ordinances or Regular Agenda Items):
A. PROS: We will be able to bring an educational class to our youth, with little to no cost to the City.

Angler Education Week

Concept
Name: Angler Education Week
Location: Blue Bell Aquatic Center
Dates: October 7 – 11, 2019
Times: 4:00pm – 6:00pm each day

Summary
With so much of our youth staying inside and glued to their TV’s and electronics we would like to take this opportunity to reach out and begin to educate some local kids the fun, inexpensive and entry-level outdoor sport of fishing.

Fishing is an amazing sport that teaches more than just how to catch a fish.

- It teaches kids about patience.
- It lets them experience nature and allows them to see why it is so important to preserve it
- To top it all off, fishing is a lot of fun and satisfying especially when you reel in that “big catch”.

Attendees
We are looking to team up with the Boys and Girls Club of Washington County. These kids are school-aged kids and many have never had the opportunity to fish.

Goals
During this week, we aim to teach each of these children some of the basics that they need in order to fish. The children will learn:

- different kinds of fish and their natural habitat
- typical fish we see in this area
- fishing poles
  - different types
  - what a rod and reel is
  - how to use one properly
  - how to prepare for use
- Bait/lures
  - What is the best bait/lures to use
  - How to make your own lure
- What to do with fish once you catch it
Agenda

Monday, October 7th
Fish Education
We will go over:

- Different types of fish.
- What kind of bodies of water the fish are found in.
- The proper bait/lure you would use to catch them.

Tuesday, October 8th
Rod & Reel Education
We will go over:

- Different kinds of rods and reels.
- How to wind a reel with fishing line.
- How to thread the line through the pole.
- How to tie a knot so the hook or lure does not come off.

Wednesday, October 9th
Boating Education
We will go over:

- basic boating terms
- boating safety
- the importance of wearing a life jacket
- Show them how to put a life jacket on properly.

We are hoping to get either the game warden or Washington County Ag Extension out here to do some hands on with a boat.

Thursday, October 10th
Lures, Bait and Cast
We will:

- Teach them about different bait and lures.
- Show them how to bait a hook.
- Teach them how to cast.
- Show them how they can make their own lure.

Friday, October 11th
Fish and Filleting
We will:

- Fill the outdoor pool with catfish so the kids can see how the fish swim in schools.
- Team up with our local Elks Lodge for fish filleting demonstrations.

**AGENDA ITEM DESCRIPTION:** Discuss and Possibly Act Upon a Ground Space Lease Agreement with Brazos Exec Air, Inc. for Hangar Space at the Brenham Municipal Airport and Authorize the Mayor to Execute Any Necessary Documentation.

**SUMMARY STATEMENT:** Brazos Exec Air, Inc. currently has a lease agreement for 2903 Aviation Way. They are in the process of selling the hangar to another company. The prospective buyer of the hangar requested Brazos Exec. Air to have their existing ground lease increased to the 30 years for tax purposes. The tax regulations require the ground lease be 30 years at the time of purchase for potential tax benefits. This lease agreement will replace the existing lease in its entirety.

Once the sale has taken place, the lease with Brazos Exec Air will be terminated and a new lease will be executed with the new owner. The lease with the new owner will increase the ground lease area from 15,000 SF to 17,000 SF.

The lease agreement is the City’s standard ground space lease for .08 cents per square foot with one exception. The lease rate may increase up to $0.02 cents every year. The original lease rate increase was up to $.02/sf every five years. This is a change the City’s proposing for all future ground leases.

THE STATE OF TEXAS
COUNTY OF WASHINGTON

ARTICLE I – PREMISES AND PRIVILEGES

A. DESCRIPTION OF PREMISES.

For and in consideration of the terms, conditions and covenants of this Lease to be performed by Lessee, all of which Lessee accepts, City hereby leases to Lessee the premises being an area located on the City of Brenham Municipal Airport, north of the CITY OF BRENHAM, TEXAS and being a space of land located as shown on the attached “EXHIBIT A”.

Lessee accepts the premises in their present condition subject to and including all defects, and Lessee will, without expense to City, repair and maintain any installations thereon and remove, or cause to be removed, any debris, buildings or improvements to the extent required for Lessee’s use thereof.

B. TERM.

The term of said lease is for a period of thirty (30) years commencing January 1, 2019, and terminating December 31, 2048. The rent for the first five years shall be eight ($.08) cents per square foot per year for 15,000 square feet, payable annually on the anniversary hereof. Any rental fee not paid by the tenth of the month is subject to a late fee of five ($5) dollars. On the annual anniversary date (January 1st of each year), the rent shall adjust to the prevailing rate at that time, not to exceed an increase of two ($.02) cents per square foot per year.
C. **ACCESS.**

Upon paying the rental hereunder and performing the requirements of this Lease, Lessee shall have the right of access to and from said premises over such roadway(s), as may be designed for that purpose and the right of access to and from the landing area for airplanes over taxiways and aircraft parking ramps as provided by City at its sole discretion. Said roadway(s), aircraft parking ramps and taxiways shall be used jointly with other airport tenants, but not for the conduct of business of another Lessee’s premises and Lessee shall not interfere with the rights and privileges of other persons or firms using said facilities and shall be subject to such weight and type use restrictions as the City Council deems necessary.

D. **OBJECTS AND PURPOSES OF LEASE.**

Lessee is hereby granted the right and privilege to use the leased area for aviation related activities, being those provided by a Corporate Hangar Operator. Lessee shall have the uses and rights to build a private, corporate hangar to house its own privately-owned aircraft, all of which shall be subject to the terms set forth:

Lessee shall not use the premises for any purposes other than those authorized herein, without the prior written consent of City. Specifically, Lessee will not store fuel, nor do any aircraft maintenance on aircraft other than the aircraft owned or contracted by Lessee.

E. **CITY’S RESERVED RIGHTS.**

1. **Development.** City, at its sole discretion, reserves the right to further develop or improve the aircraft operating area of the airport as it sees fit and to take action it considers necessary to protect the aerial approaches of the Airport against obstructions, together with the right to prevent Lessee from erecting or permitting to be erected, any building or other structure on the Airport which, in the opinion of the City, would limit the usefulness of the Airport or constitute a hazard to aircraft.

2. **Oil, Gas, Mineral Interests.** It is understood and agreed that this Lease is made subject and subordinate to the terms of any oil, gas, and other mineral interest; leases; or right-of-way easements of any nature that may have been executed heretofore.
City agrees that (1) if it should, as a mineral owner under the premises, develop all or part of the Airport for oil, gas or other mineral purposes, no well will be drilled or other operations conducted on the leased premises, and (2) in the event it should hereafter execute an oil, gas or other mineral lease in favor of a third party covering the Airport area, or a portion thereof, it will cause such lease to contain a provision that the Lessee therein will not conduct any of its drilling or other operations on the land covered by this Lease, or in a manner which would unreasonably interfere with Lessee’s use and enjoyment of the premises.

3. **Other Contracts.** This lease shall be subordinate to the provisions of any existing or future agreement between the City and the United States, relative to the operation or maintenance of the airport, the terms and execution of which have been or may be required as a condition precedent to the expenditure or reimbursement to City of federal funds for the development of the Airport.

4. **Other Leases.** Nothing herein contained shall limit City with respect to granting of leases to other aviation tenants under other terms as herein set forth or to granting of leases for non-commercial aviation or non-aviation purposes at terms different from those set forth herein.

F. **PROHIBITED USES.**

Lessee shall not use or permit the use of any part of the premises in any other manner than set out in Section D of this Lease. Some specific activities prohibited are as follows:

1. Auto rental service.

2. Food sales (except the sale of confections and refreshments prepared and packaged off the leased premises through either coin-operated vending machines or over-the-counter or in the waiting area, and other foods prepared and packaged off the leased premises for food trays for private or charter flights) at the leased premises.

3. Sales of alcoholic beverages at the leased premises, except with City approval.

2. The City may enter into a new lease agreement for the lease area.

H. **DEFAULT.**

Any of the following events constitutes default:

1. An act of the Lessee which is in variation with the site plan and is not corrected after 30 days notice by Lessor to Lessee of said default,

2. The nonperformance by Lessee of any other covenant or condition of this lease which is not cured within thirty (30) days after written notice thereof from Lessor, or

3. The subjection of any of Lessee’s property to any levy, seizure, assignment, application, or sale for or by any creditor or governmental agency.

I. **LESSOR’S RIGHTS UPON DEFAULT.**

On the occurrence of any of the events defined as constituting “default”, Lessor may without notice to or demand on Lessee, take possession of the leased property and lease the same or any portion thereof, for such period and such rental, and to such persons, as Lessor shall elect.

J. **MORTGAGE OF LEASEHOLD INTEREST.**

City reserves the right to make periodic inspection of leased premises and improvements and equipment therein during normal business hours.

City, in its reasonable discretion, shall be the sole judge of the quality of maintenance that shall uniformly apply to all airport tenants. Upon written notice by City to Lessee, Lessee shall be required to perform whatever reasonable maintenance City deems necessary. If said maintenance is not undertaken by Lessee within ten (10) days after receipt of written notice, City shall have the right to enter upon the leased premises and perform the necessary maintenance, the cost of which shall be borne by Lessee.

B. ALTERATIONS TO AND CONDITIONS OF PREMISES.

Any change in exterior paint colors shall be subject to the prior written approval of the City of Brenham. Lessee agrees not to construct, install, remove and/or materially modify any of the buildings or premises leased hereunder without prior written approval of the City of Brenham subject to the conditions considered by City to be necessary.

Lessee shall not remove or demolish, in whole or in part, any improvements upon the premises without the prior written consent of City which may, at its discretion, condition such consent upon the obligation of Lessee to replace the same by an improvement specified in such consent.

C. TRASH, GARBAGE, LANDSCAPING.

Lessee shall provide a complete and proper arrangement of the adequate sanitary handling and disposal, away from the Airport, of all trash, garbage, and other refuse caused as a result of the operation of its business. Lessee shall provide and use approved receptacles for all such garbage, trash and other refuse. Piling of boxes, cartons, barrels
or other similar items in an unattractive or unsafe manner, on or about the leased premises, is prohibited.

Lessee shall be responsible for maintaining suitably attractive yard-appearance, as follows: Lessee shall be responsible for groundskeeping and shall screen any outside storage or work areas by the use of an opaque fence or other suitable opaque barrier so that such storage or work areas shall be hidden from public view from the street.

Lessee is specifically responsible for mowing (and to ensure that weed or grass growth is never allowed in excess of that allowed by City weed ordinance requirements) and removal of weeds from around fences and buildings for the area within ten feet of the property shown on the attached Exhibit “A”. Lessee is encouraged to provide additional landscaping beyond the minimum required by City to assist in enhancing Airport appearance.

D. SIGNS.

Lessee may not install identifying signs on the leased premises except with the written permission of City Manager.

E. UTILITIES.

Lessee shall assume and pay for all costs or charges for utility services furnished to Lessee during the term hereof; provided, however, that Lessee shall have the right to connect to any and all storm and sanitary sewers and water and utility outlets at its own cost and expense; and Lessee shall pay for any and all service charges incurred therefor.

F. FIELD USE CHARGES.

Nothing herein shall be deemed to relieve Lessee and its tenants, sublessees, patrons, invitees, and others from field landing fees, nor its guests from fuel flowage fees, as are levied by City or the Fixed Base Operator.

G. PAYMENTS DUE.

Lessee agrees that no payments owed by Lessee of any nature whatsoever to City, including payment in advance for service charges, such as garbage collection, or any other sums of any character whatsoever, shall become delinquent or in arrears.

H. COMPLIANCE WITH RULES.

Lessee will comply with any and all federal or state laws, rules and regulations, and all regulations made by the City of Brenham and approved by the City Council.
I. NONDISCRIMINATION/FEDERALLY REQUIRED ASSURANCES.

Lessee, for itself, its personal representatives, successors in interest, and assigns, as part of the consideration hereof, does hereby agree that “as a covenant running with the land” (1) no person on the grounds of race, color, sex, creed, national origin, or handicapped status shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, or in the construction of any improvements on, or under such land, or the furnishing of services thereof, and (2) that Lessee shall use the premises in compliance with and conduct its operations in accordance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-Assisted Programs of the Department of Transportation, Effectuation of Title VI of the Civil Rights Act of 1964, or Section 504 of the Rehabilitation of 1973 (23 USC 794) and 49 CFR Part 27 and as said regulations may be amended, and that Lessee will comply with such enforcement procedures as the United States might demand that City take.

J. FAA AND OTHER APPROVAL OF USE.

Lessee agrees to secure approval from the Federal Aviation Administration concerning the height and location of all buildings or improvements or modifications thereof which may be constructed or installed on the leased premises and to satisfy any applicable environment or other requirements of federal, state, and local authorities as to noise, smoke, fumes emissions, storm water, or other hazards or potential hazards or other offensive sues, if any, which may occur as a result of Lessee’s operations on the premises.

K. NON-INTERFERENCE WITH OPERATION OF AIRPORT/EASEMENTS.

1. Lessee, by accepting this Lease, expressly agrees for itself, its successors and assigns that it will not make use of the premises in any manner which might interfere with the landing and taking off of aircraft at Airport or otherwise constitute a hazard. If Lessee violates this, City reserves the right to enter upon the premises and remove the interference at the expense of the Lessee.

2. City shall maintain and keep in good repair the landing area of the Airport, and shall have the right to direct and control all activities of the Lessee in this regard.

3. City shall retain an easement over, above and on the premises in relation to aircraft noise and the utilization of the air space for the purposes of the operation of said Airport.
L. LESSEE AUTHORITY.

The officers of the Lessee which execute this lease represent and promise that they are duly authorized by corporate resolution or other appropriate authorization to execute the same on behalf of Lessee.

ARTICLE III – OTHER CONDITIONS

1. Lessee agrees to pay all public utility charges that may be assessed, including charges for gas, electric, water and any other utility charge.

2. Any holding over by Lessee or his successors, at the expiration or termination of this lease, in whatever manner its termination may be brought about, shall not operate as a renewal of this lease, but during the period of such holding over Lessee shall be a tenant at the will of Lessor.

3. Lessee shall maintain property and casualty insurance in amounts satisfactory with Lessor and shall provide for public liability insurance in the amount of ONE MILLION AND NO/100 ($1,000,000.00) DOLLARS in order to protect Lessor against claims arising because of the operation of Lessee. Lessee shall give evidence of insurability. CITY OF BRENHAM, TEXAS shall always be shown as an addition insured. Provided, however, if CITY OF BRENHAM, TEXAS so elects, it may take out said insurance and then prorate said costs to Lessee and any Sublessees on an equitable basis, as determined by CITY OF BRENHAM, TEXAS. The CITY OF BRENHAM reserves the right to require that the amount of any and all types of insurance may be increased upon the CITY OF BRENHAM giving thirty (30) days notice to Lessee or any sublessee.

4. The CITY OF BRENHAM requires that Lessee and users of Lessee’s premises shall agree to be bound by all of the regular rules and regulations as may be set out by the F.A.A. as to pilots and their conduct and that they agree to abide by any and all local rules that may be approved by the City Council of the CITY OF BRENHAM, TEXAS, for pilots at the CITY OF BRENHAM MUNICIPAL AIRPORT and as may be adopted by the AIRPORT ADVISORY COMMITTEE of the CITY OF BRENHAM, TEXAS. Lessee shall agree that in the event he is found not to have abided by the rules or does not correct a situation required to be corrected by the City of Brenham, then and in that event he may lose his privilege to occupy the Hangar that is located on property being leased by the CITY OF BRENHAM, TEXAS.

5. This Lease is governed by the laws of the State of Texas and performable in Washington County, Texas.

6. If any provision herein is held to be invalid in a court of law, the invalidity of such provision shall in no way affect the validity of any other provision.

7. Any notice required herein shall be effective upon mailing to the address described herein by depositing said notice in the mail, certified mail – return receipt requested.

SUMMARY STATEMENT: The Brenham City Council held a Public Hearing concerning this item on December 13, 2018. During the Council meeting the item was postponed for consideration by the Council during a meeting in January 2019. The proposed amendment originally proposed to remove language pertaining to setbacks adjacent to collectors and arterials from the Subdivision Ordinance and relocate said language in the Zoning Ordinance.

Upon further review, staff is proposing an amendment to the setback requirements related to arterials and collectors within the City of Brenham extraterritorial jurisdiction (ETJ). The arterial setback will remain at 25 feet and the collector is proposed to be 15 feet.

Attached are copies of the original draft ordinance, as presented during the Public Hearing on December 13, 2018, and the revised draft ordinance, as recommended by staff for your approval.

No public comments were made during the Public Hearing.

On Monday, November 26, 2018, after conducting a Public Hearing, the Planning and Zoning Commission voted unanimously to recommend approval of the request.

STAFF ANALYSIS (For Ordinances or Regular Agenda Items):

A. PROS: Approving the proposed amendment will allow all setback requirements for property in the City of Brenham to be defined in the same section of the Code of Ordinances and will improve consistency and clarity of development requirements in Brenham.

B. CONS:
**ALTERNATIVES (In Suggested Order of Staff Preference):**

AGENDA ITEM DESCRIPTION: Discuss and Possibly Act Upon an Ordinance on Its First Reading Amending Appendix A - “Zoning” of the Code of Ordinances of the City of Brenham by Amending Part II, Division 1, Section 17, Height and Area Exceptions of General Applicability, to Establish a Twenty-Five (25) Foot Minimum Building Setback for Property Adjacent to Arterial Roadways in Brenham, Washington County, Texas (Case No. P-18-026)

SUMMARY STATEMENT: The Brenham City Council held a Public Hearing concerning this item on December 13, 2018. During the Council meeting the item was postponed for consideration by the Council during a meeting in January 2019.

This City initiated text amendment establishes a minimum 25-foot setback requirement for property within the City of Brenham adjacent to arterial streets in the zoning ordinance. In an effort to remain consistent in the review of setback requests for property in the City of Brenham, staff finds that relocating language about setbacks adjacent to arterial roadways from the subdivision ordinance to the zoning ordinance will allow the Board of Adjustment to consider all requests pertaining to setback variances. The proposed ordinance redlines are reflected in the enclosed staff report.

No public comments were made during the Public Hearing.

On Monday, November 26, 2018, after conducting a Public Hearing, the Planning and Zoning Commission upheld the staff recommendation when they voted unanimously to recommend approval of the request.

CASE NUMBER P-18-026
TEXT AMENDMENT

REQUEST:

This is a request by the City of Brenham to amend the City of Brenham’s Code of Ordinances, Chapter 23 – Subdivisions, Section 23-22(1) to remove the 25’ minimum building setback for lots that abut a collector or arterial street and to re-establish setback requirements for property adjacent to major thoroughfares in Appendix A, Part II, Division 1, Section 17.

BACKGROUND:

The City has established building setback lines for all property within the City and ETJ to help preserve open space, prevent overcrowding, and reduce the risk of conflagration between structures. In addition to established setbacks in Appendix A – Zoning of the Brenham Code of Ordinances, the City’s subdivision ordinance currently states the following:

Section 23-22 (1): Lots on arterial and collector streets. The building setback line shall not be closer than twenty-five (25) feet from the side of a lot which abuts a collector or an arterial street.

In the past three years (2015-2018) the Development Services Department has processed four variance requests to this particular section of the ordinance. Because setback standards adjacent to arterial and collector streets are established in addition to the zoning ordinance, a variance to the established setback lines on property adjacent to arterials and collectors must be considered by the Board of Adjustment, Planning and Zoning Commission, and City Council. Typically, setback variance requests or special exceptions (when not adjacent to a collector or arterial roadway) are only considered by the Board of Adjustment and do not require an ordinance amendment for approval.

In an effort to remain consistent in the review of all setback requests, staff finds that relocating language about setbacks from the subdivision ordinance to the zoning ordinance will allow the Board of Adjustment to consider all requests pertaining to setback variances.

PROPOSED AMENDMENT:

Chapter 23 – Subdivisions, delete and renumber subsequent sections:

Section 23-22 (1): Lots on arterial and collector streets. The building setback line shall not be closer than twenty-five (25) feet from the side of a lot which abuts a collector or an arterial street.

Appendix A – Zoning, insert the following language in Appendix A, Part 2, Division 1:

Section 17.05: Lots on arterial streets. The building setback line shall not be closer than twenty-five (25) feet from the side of a lot which abuts a arterial street.
ANALYSIS:

Staff researched nearby municipalities and found that more stringent setback requirements are often required on property adjacent to roadways with higher posted speeds and classified as arterial roadways on respective thoroughfare plans. For example:

- Bastrop: 25’ exterior side yard setback (10’ when interior side yard)
- Bryan: 25’ adjacent to an arterial street, 15’ adjacent to a local or collector street
- Conroe: 20’ adjacent to a major thoroughfare (major thoroughfare is not defined)
- College Station: depends on roadway (25’- University, 35’- Wellborne, 100’- South College)
- Sugarland: 25’ adjacent to arterial street
- Tomball: Depends on zoning district 25’-35’ when adjacent to an arterial street

Staff recommends amending the Brenham Code of Ordinances to remove language concerning required setbacks from the Subdivision Ordinance and establishing in the Zoning Ordinance, Appendix A, a minimum setback of 25 feet on all property adjacent to arterial roadways.

The existing zoning ordinance currently establishes front, side, and rear setbacks based on the assigned zoning district. For example, residential property in the R-1, R-2, and B-1 zoning districts shall have a 10-foot side yard when adjacent to another property and a 15-foot side yard when adjacent to a side street. Similarly, multiple-family and business uses are permitted no side yard setback when adjacent to another property (except for required buffers) and are required to have a 15-foot side setback when adjacent to a side street. Therefore, increased setbacks are currently in place for corner properties and property adjacent to local or collector roadways.

PUBLIC COMMENTS:

The Notice of Public Hearing was published in the paper on November 15, 2018. Any public comments will be provided in the Planning & Zoning Commission and City Council packets or during the public hearing.

STAFF RECOMMENDATION:

Staff recommends approval of the proposed text amendments.

Whether these terms are included in an offer or an acceptance by Seller, such offer or acceptance is expressly conditioned on Buyer’s assent to these terms. Seller rejects all additional or different terms in any of Buyer’s forms or documents.

2. **Payment.** Buyer shall pay Seller the full purchase price as set forth in Seller’s Documentation. Unless Seller’s Documentation specifically provides otherwise, freight, storage, insurance and all taxes, levies, duties, tariffs, permits or license fees or other governmental charges relating to the Work or any incremental increases thereto shall be paid by Buyer. If Seller is required to pay any such charges, Buyer shall immediately reimburse Seller. If Buyer claims a tax or other exemption or direct payment permit, it shall provide Seller with a valid exemption certificate or permit and indemnify, defend and hold Seller harmless from any taxes, costs and penalties arising out of same. All payments are due within 30 days after receipt of invoice. Buyer shall be charged the lower of 1.5% interest per month or the maximum legal rate on all amounts not received by the due date and shall pay all of Seller’s reasonable costs (including attorneys’ fees) of collecting amounts due but unpaid. All orders are subject to credit approval by Seller. Back charges without Seller’s prior written approval shall not be accepted.

3. **Delivery.** Delivery of the Work shall be in material compliance with the schedule in Seller’s Documentation. Unless Seller’s Documentation provides otherwise, delivery terms are ExWorks Seller’s factory (Incoterms 2010). Title to all Work shall pass upon receipt of payment for the Work under the respective invoice. Unless otherwise agreed to in writing by Seller, shipping dates are approximate only and Seller shall not be liable for any loss or expense (consequential or otherwise) incurred by Buyer or Buyer’s customer if Seller fails to meet the specified delivery schedule.

4. **Ownership of Materials and Licenses.** All devices, designs (including drawings, plans and specifications), estimates, prices, notes, electronic data, software and other documents or information prepared or disclosed by Seller, and all related intellectual property rights, shall remain Seller’s property. Seller grants Buyer a non-exclusive, non-transferable license to use any such material solely for Buyer’s use of the Work. Buyer shall not disclose any such material to third parties without Seller’s prior written consent. Buyer grants Seller a non-exclusive, non-transferable license to use Buyer’s name and logo for marketing purposes, including but not limited to, press releases, marketing and promotional materials, and web site content.

5. **Changes.** Neither party shall implement any changes in the scope of Work described in Seller’s Documentation without a mutually agreed upon change order. Any change to the scope of the Work, delivery schedule for the Work, any Force Majeure Event, any law, rule, regulation, order, code, standard or requirement which requires any change hereunder shall entitle Seller to an equitable adjustment in the price and time of performance.

6. **Force Majeure Event.** Neither Buyer nor Seller shall have any liability for any breach or delay (except for breach of payment obligations) caused by a Force Majeure Event. If a Force Majeure Event exceeds six (6) months in duration, the Seller shall have the right to terminate the Agreement without liability, upon fifteen (15) days written notice to Buyer, and shall be entitled to payment for work performed prior to the date of termination. "Force Majeure Event" shall mean events or circumstances that are beyond the affected party’s control and could not reasonably have been easily avoided or overcome by the affected party and are not substantially attributable to the other party. 7. **Warranty.** Subject to the following sentence, Seller warrants to Buyer that the (i) Work shall materially conform to the description in Seller’s Documentation and shall be free from defects in material and workmanship and (ii) the Services shall be performed in a timely and workmanlike manner. Determination of suitability of treated water for any use by Buyer shall be the sole and exclusive responsibility of Buyer. The foregoing warranty shall not apply to any Work that is specified or otherwise demanded by Buyer and is not manufactured or selected by Seller, as to which (i) Seller hereby assigns to Buyer, to the extent assignable, any warranties made to Seller and (ii) Seller shall have no other liability to Buyer under warranty, tort or any other legal theory. The Seller warrants the Work, or any components thereof, through the earlier of (i) eighteen (18) months from delivery of the Work or (ii) twelve (12) months from initial operation of the Work or ninety (90) days from the performance of services (the “Warranty Period”). If Buyer gives Seller prompt written notice of breach of this warranty within the Warranty Period, Seller shall, at its sole option and as Buyer’s sole and exclusive remedy, repair or replace the subject parts, re-perform the Service or refund the purchase price. Unless otherwise agreed to in writing by Seller, (i) Buyer shall be responsible for any labor required to gain access to the Work so that Seller can assess the available remedies and (ii) Buyer shall be responsible for all costs of installation of repaired or replaced Work. If Seller determines that any claimed breach is not, in fact, covered by this warranty, Buyer shall pay Seller its then customary charges for any repair or replacement made by Seller. Seller’s warranty is conditioned on Buyer’s (a) operating and maintaining the Work in accordance with Seller’s instructions, (b) not making any unauthorized repairs or alterations, and (c) not being in default of any payment obligation to Seller. Seller’s warranty does not cover (i) damage caused by chemical action or abrasive material, misuse or improper installation (unless installed by Seller) and (ii) media goods (such as, but not limited to, resin, membranes, or granular activated carbon media) once media goods are installed. 8. **Indemnity.** Seller shall indemnify, defend and hold Buyer harmless from any claim, cause of action or liability incurred by Buyer as a result of third party claims for personal injury, death or damage to tangible property, to the extent caused by Seller’s negligence. Seller shall have the sole authority to direct the defense of and settle any indemnified claim. Seller’s indemnification is conditioned on Buyer (a) promptly, within the Warranty Period, notifying Seller of any claim, and (b) providing reasonable cooperation in the defense of any claim.

[May 2015]

9. **Assignment.** Neither party may assign this Agreement, in whole or in part, nor any rights or obligations hereunder without the prior written consent of the other party; provided, however, the Seller may assign its rights and obligations under these terms to its affiliates or in connection with the sale or transfer of the Seller’s business and Seller may grant a security interest in the Agreement and/or assign proceeds of the agreement without Buyer’s consent.

10. **Termination.** Either party may terminate this agreement, upon issuance of a written notice of breach and a thirty (30) day cure period, for a material breach (including but not limited to, filing of bankruptcy, or failure to fulfill the material obligations of this agreement). If Buyer suspends an order without a change order for ninety (90) or more days, Seller may thereafter terminate this Agreement without liability, upon fifteen (15) days written notice to Buyer, and shall be entitled to payment for work performed, whether delivered or undelivered, prior to the date of termination.

11. **Dispute Resolution.** Seller and Buyer shall negotiate in good faith to resolve any dispute relating hereto. If, despite good faith efforts, the parties are unable to resolve a dispute or claim arising out of or relating to this Agreement or its breach, termination, enforcement, interpretation or validity, the parties will first seek to agree on a forum for mediation to be held in a mutually agreeable site. If the parties are unable to resolve the dispute through mediation, then any dispute, claim or controversy arising out of or relating to this Agreement or the breach, termination, enforcement, interpretation or validity thereof, including the determination of the scope or applicability of this agreement to arbitrate, shall be determined by arbitration in Pittsburgh, Pennsylvania before three arbitrators who are lawyers experienced in the discipline that is the subject of the dispute and shall be jointly selected by Seller and Buyer. The arbitration shall be administered by JAMS pursuant to its Comprehensive Arbitration Rules and Procedures. The Arbitrators shall issue a reasoned decision of a majority of the arbitrators, which shall be the decision of the panel. Judgment may be entered upon the arbitrators’ decision in any court of competent jurisdiction. The substantially prevailing party as determined by the arbitrators shall be reimbursed by the other party for all costs, expenses and charges, including without limitation reasonable attorneys’ fees, incurred by the prevailing party in connection with the arbitration. For any order shipped outside of the United States, any dispute shall be referred to and finally determined by the International Center for Dispute Resolution in accordance with the provisions of its International Arbitration Rules, enforceable under the New York Convention (Convention on the Recognition and Enforcement of Foreign Arbitral Awards) and the governing language shall be English.

12. **Export Compliance.** Buyer acknowledges that Seller is required to comply with applicable export laws and regulations relating to the sale, exportation, transfer, assignment, disposal and usage of the Work provided under this Agreement, including any export license requirements. Buyer agrees that such Work shall not at any time directly or indirectly be used, exported, sold, transferred, assigned or otherwise disposed of in a manner which will result in non-compliance with such applicable export laws and regulations. It shall be a condition of the continuing performance by Seller of its obligations hereunder that compliance with such export laws and regulations be maintained at all times. **BUYER AGREES TO INDEMNIFY AND HOLD SELLER HARMLESS FROM ANY AND ALL COSTS, LIABILITIES, PENALTIES, SANCTIONS AND FINES RELATED TO NON-COMPLIANCE WITH APPLICABLE EXPORT LAWS AND REGULATIONS.**

13. **LIMITATION OF LIABILITY.** NOTWITHSTANDING ANYTHING ELSE TO THE CONTRARY, SELLER SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, PUNITIVE OR OTHER INDIRECT DAMAGES, AND SELLER’S TOTAL LIABILITY ARISING AT ANY TIME FROM THE SALE OR USE OF THE WORK, INCLUDING WITHOUT LIMITATION ANY LIABILITY FOR ALL WARRANTY CLAIMS OR FOR ANY BREACH OR FAILURE TO PERFORM ANY OBLIGATION UNDER THE CONTRACT, SHALL NOT EXCEED THE PURCHASE PRICE PAID FOR THE WORK. THESE LIMITATIONS APPLY WHETHER THE LIABILITY IS BASED ON CONTRACT, TORT, STRICT LIABILITY OR ANY OTHER THEORY.

14. **Rental Equipment / Services.** Any leased or rented equipment ("Leased Equipment") provided by Seller shall at all times be the property of Seller with the exception of certain miscellaneous installation materials purchased by the Buyer, and no right or property interest is transferred to the Buyer, except the right to use any such Leased Equipment as provided herein. Buyer agrees that it shall not pledge, lend, or create a security interest in, part with possession of, or relocate the Leased Equipment. Buyer shall be responsible to maintain the Leased Equipment in good and efficient working order. At the end of the initial term specified in the order, the terms shall automatically renew for the identical period unless canceled in writing by Buyer or Seller not sooner than three (3) months nor later than one (1) month from termination of the initial order or any renewal terms. Upon any renewal, Seller shall have the right to issue notice of increased pricing which shall be effective for any renewed terms unless Buyer objects in writing within fifteen (15) days of issuance of said notice. If Buyer timely cancels service in writing prior to the end of the initial or any renewal term this shall not relieve Buyer of its obligations under the order for the monthly rental service charge which shall continue to be due and owing. Upon the expiration or termination of this Agreement, Buyer shall promptly make any Leased Equipment available to Seller for removal. Buyer hereby agrees that it shall grant Seller access to the Leased Equipment location and shall permit Seller to take possession of and remove the Leased Equipment without resort to legal process and hereby releases Seller from any claim or right of action for trespass or damages caused by reason of such entry and removal.

15. **Miscellaneous.** These terms, together with any Contract Documents issued or signed by the Seller, comprise the complete and exclusive statement of the agreement between the parties (the “Agreement”) and supersede any terms contained in Buyer’s documents, unless separately signed by Seller. No part of the Agreement may be changed or cancelled except by a written document signed by Seller and Buyer. No course of dealing or performance, usage of trade or failure to enforce any term shall be used to modify the Agreement. To the extent the Agreement is considered a subcontract under Buyer’s prime contract with an agency of the United States government, in case of Federal Acquisition Regulations (FARs) flow down terms, Seller will be in compliance with Section 44.403 of the FAR relating to commercial items and those additional clauses as specifically listed in 22.244-6. Subcontracts for Commercial Items (OCT 2014). If any of these terms is unenforceable, such term shall be limited only to the extent necessary to make it enforceable, and all other terms shall remain in full force and effect. The Agreement shall be governed by the laws of the Commonwealth of Pennsylvania without regard to its conflict of laws provisions. Both Buyer and Seller reject the applicability of the United Nations Convention on Contracts for the international sales of goods to the relationship between the parties and to all transactions arising from said relationship.

AGENDA ITEM DESCRIPTION: Discuss and Possibly Act Upon Bid No.61C-148C Related to the Copper Conductor Replacement Project and Authorize the Mayor to Execute Any Necessary Documentation

SUMMARY STATEMENT: This project will replace about 9.5 miles of copper conductor in our system with aluminum conductor that is steel reinforced (ACSR), rehabilitate the power lines by replacing substandard poles, add additional transformers to remove open wire secondaries, and provide some right-of-way tree trimming.

In 2017, an Agreement between the City of Brenham and McCord Engineering was signed to perform engineering services related to the Copper Conductor Replacement and Power Line Rehabilitation.

The copper lines being replaced are 50 to 60 plus years old and are mainline conductor. They will be replaced with an Aluminum Conductor that is Steel Reinforced (ACSR). These copper conductors were sized appropriately upon installation but electrical loads on these lines have increased over the years. The new ACSR conductor will have a higher capacity rating.

Of course copper is a great conductor, but due to cost, weight etc., it is no longer commonly used in overhead power distribution construction. Aluminum possesses a conductivity-to-weight ratio twice that of copper and its strength-to-weight ratio is 30% greater than copper. This makes ACSR a more efficient and cost effective replacement.

The bare copper conductors that will be replaced have been exposed to the elements for many, many years, including the stresses of numerous severe storms, flying debris, lightning strikes and extreme Texas summers under heavy loading conditions. Some of the old copper infrastructure that will be replaced is considered “open wire secondaries” and is unreliable, especially during storm events. The project will also replace poles, insulators and transformers.

This is a proactive approach to increase system reliability and reduce customer outages. It is not simply a replacement of some copper conductor with aluminum but an upgrade to sections of the distribution system.

On December 13, 2018, sealed bids for the construction phase were opened by McCord Engineering, Inc and City of Brenham staff for the Copper Conductor Replacement Project.
Two bids were received for the rehabilitation project. The low bidder, Techline Construction, LLC is qualified and experienced in this type of work and has been recommended by McCord Engineering. Options 1 (Sections 1-4) and Option 2 (All items) came in at $1,006,910.85.

Techline Construction has worked on numerous projects within the City of Brenham over the past several years and staff recommends awarding the bid to them.
