5. Discussion and Possible Action on Case No. P-18-014: A request for approval of an Amending Plat of Lot 12 and Lot 13 of the Bentwood Subdivision, in the City of Brenham, Washington County, Texas

Lori Lakatos stated that this is Case No. P-18-014: A request for approval of an Amending Plat of Lots 12 and 13 of the Bentwood Subdivision addressed as 1702 and 1703 Walsch Lane. Ms. Lakatos stated that the applicants want to move the mutual property line between Lot 12 and Lot 13 slightly; therefore, this Amending Plat will reflect that amended property line. She stated that Engineering and Development Services have reviewed this plat for compliance with the City of Brenham’s regulations and ordinances and recommends approval of this plat, as presented.

A motion was made by Commissioner Alfred and seconded by Commissioner Sheffield to approve the Amending Plat for Lot 12 and Lot 13 of the Bentwood Subdivision, as presented. The motion carried unanimously.

6. Discussion and Possible Action on Case No. P-18-015: A request for approval of a Final Plat to form the Vintage Farms Subdivision, Phase I, a Planned Development [per Ordinance No. O-17-005], being a subdivision of 86.664 acres of land containing 102 residential lots, 3 Blocks, and Reserves A-F, located on State Highway 36 N and Dixie Road, situated in the Phillip Coe Survey, A-31, in the City of Brenham, Washington County, Texas

Lori Lakatos stated that this is Case No. P-18-015: A request for approval of a Final Plat to form the Vintage Farms Subdivision, Phase I, a Planned Development [per Ordinance No. O-17-005], being a subdivision of 86.664 acres of land containing 102 residential lots, 3 Blocks, and Reserves A-F, located on State Highway 36 N and Dixie. She stated that the original Final Plat was approved on 11-27-17; however, due to some revisions being necessary, it was never recorded and subsequently expired on 5-27-18. The revisions include a street name change and additional 5’ easements for Bluebonnet Electric Cooperative added to this plat. Engineering and Development Services have reviewed this final plat for compliance with the City of Brenham’s regulations and ordinances and recommends approval of this plat, as presented. The applicant’s representative, Tim Wolff, is here to answer any questions.

Mr. Wolff stated that he was with Bleyl Engineering. He further stated that all of the utilities were to be located in the easements shown on the original plat. In an effort to provide some separation, it was necessary to move the electric outside of the existing easements; therefore, a 5’ utility easement was added for Bluebonnet Electric.

A motion was made by Commissioner Kossie and seconded by Commissioner Sheffield to approve the Final Plat to form the Vintage Farms Subdivision, Phase I, as presented. The motion carried unanimously.

7. Adjourn

A motion was made by Commissioner Alfred and seconded by Commissioner Kossie to adjourn the Planning and Zoning Commission meeting at 5:25 p.m.
