Fourth and Final Open House Citizen Participation and Feedback Encouraged for Brenham's Future

The fourth and final Open House on Brenham's Future will be held Thursday June 20 from 5:00pm - 7:00pm at the Barnhill Center. Participants will be entered to win a Visa giftcard.

The City is updating the Comprehensive Plan and these long-range plans are most effective with citizen participation and community feedback. The goal of the Open House is to gather feedback on concepts and specific elements of Brenham's future including public utilities and infrastructure, land use and development, economic opportunity, parks and recreation, and more. Join us at our second community input event.
