

NOTIFICATION

CONTACT: Brian Smith, Superintendent
PHONE: 979-251-1982
DATE: June 24, 2019

Beginning Monday June 24th, the City of Brenham Street Department will be reconstructing Blinn Blvd. from Main St. to Prairie Lea St. Reconstruction will begin Monday June 24 and last approximately 7-9 weeks due to the length and width of this street. Reconstruction of the roadway will be done in phases throughout this time period. During the time of construction and during the hours of 7:30AM - 5:00PM, this section of roadway will be limited to vehicular traffic throughout the work zones. City staff will work with residents and students to get access to private drives and facilities as needed.

Reconstruction includes tilling up the existing roadway, grading the sub-base, and adding bulk cement to stabilize the sub-base. After cement is applied, a 2-inch asphalt layer will be added to the new road bed which will improve the surface of Blinn Blvd for many years to come. As with any construction project there will be times, especially as cement is added to the roadway, that dusty conditions will occur. We thank you in advance for your patient with our crews and work zones.

Also, please park all cars in driveways or off of Blinn Blvd. during the hours of 7:30AM - 5:00PM. The road will be opened at the end of each day.

If you have any questions or concerns please feel free to call.
