DATE: July 16, 2019

The City of Brenham is requesting community-wide feedback through a quick (5-minute) online survey. In September 2018, the City began the Comprehensive Plan project, with the help of Kendig Keast Collaborative - Urban Planning Consultants, to plan for the future of Brenham. In the last year multiple community-wide public input meetings have been held.

If you have not yet participated in planning for the future of Brenham or you have been actively engaged – this is your opportunity! The goal of the survey is to determine what the City's top priorities should be for the next 1-3 years. Survey responses will be collected now through Wednesday, July 24th.
